Subject: proposed hala abbatoir
Importance: High

I am just finding out now about the proposed halal slaughterhouse that you will be making a decision on

I ask you to really think about this very carefully

these animals do not deserve to die in this manner – bad enough the torture that they go through in a regular slaughterhouse

but THIS is a terrible way to die – there is no HUMANE way to die

I ask you to view the footage that was filmed by Houston Animal Savethis is what these animals go through – also a mother goat was rescued last year from a slaughterhouse like this in Milton Ontario – as this goat was being saved – other goats and lambs were being killed in front of the activists – PLEASE find compassion and stop this place from opening ! PLEASE!
