300 Dufferin Avenue, P.O. Box 5035

London, Ontario N6A 4L9

Attention: Chair and Members, Finance and Administrative Services Committee

Re: Community Safety and Crime Prevention Advisory Committee representation

Thames Region Ecological Association (TREA) through its involvement with the Active and Safe Routes to School program would like to advise the City that Gregory Fowler is able to continue as a representative on the City's Community Safety and Crime Prevention Advisory Committee for the term expiring in 2014..

We would ask that consideration be given to make this position a voting member position similar to London Block Parent's participation on this committee rather than in an advisory role. We did not realize initially this is how it would be appointed when first set up. Also, to note TREA in some way in the posting as the Safe Routes committee is not an agency but a community committee. It is agreed on by the committee that a TREA member attend this city committee at this time.

Information for Greg is as follows:

Greg Fowler
380 Adelaide Street North, Apt #511
London, Ontario; N6B 3P6

We look forward to this change being approved. Greg will attend even if the changes asked for cannot be accommodated.

Sincerely,

Maryanne MacDonald, President TREA
