BACKGROUND

Section 391(1) of the *Municipal Act, 2001*, S.O. 2001, c.25, authorizes a municipality to impose fees or charges on persons,

- (a) for services or activities provided or done by or on behalf of it;
- (b) for costs payable by it for services or activities provided or done by or on behalf of any other municipality or any local board; and
- (c) for the use of its property including property under its control.

On October 25, 2016, Municipal Council enacted Fees and Charges By-law A-51 which represented the Municipalities first multi-year Fees and Charges By-law. As the Municipal Council was also in the process of adopting a multi-year budget, a multi-year Fees and Charges By-law was deemed to be appropriate. This would allow not only the municipality, but also the public, to be aware of any potential changes to fees and charges related to the provision of service.

In response to concerns raised by Municipal Council with respect to public awareness with respect to proposed fee changes, the Civic Administration reached out to users of services to advise them of the proposed changes. As well, a second advertisement was placed in the Saturday, London Free Press on Saturday, September 9, 2017, as well as the Londoner on Thursday, September 7, 2017.

Summary of 2018 Proposed Changes to Fees and Charges

Schedules 1 and 2 to the attached proposed by-law outline the service areas' proposed 2018 and 2019 (respectively) fees and charges. Any proposed new fees, increases or decreases in fees are shown in bold on Schedules 1 and 2 to the proposed by-law. Any fee that is eliminated is indicated with a strike-out. The key proposed fees and charges changes are summarized as follows:

Centennial Hall

As a result of the proposed legislation to increase the minimum hourly wage, a number of increases to the current fees are proposed. The proposed changes were not accounted for in the multi-year budget.

Parks, Recreation & Neighbourhood Services

User Fees for recreational services and facilities are re-assessed periodically, with a number of factors being considered in order to ensure that programs, services, facilities and opportunities remain accessible, affordable and inclusive of all residents. This consideration includes operating costs, market analysis of other similar programs, capital developments and target markets. Parks and Recreation Services is recommending a variety of increases and decreases in the areas outlined below.

Aquatics

In order to assist individuals who wish to successfully complete the Aquatic Leadership Courses, the Civic Administration is recommending that any re-enrolment for these courses be offered at a fee equal to 20% of the original fee of \$10.00 to \$500.00.

Sports Services

Golf

Minor fee increases are being proposed to provide for a competitive golf system, while maintaining the principle of providing affordable golf opportunities for Londoners. In order to sustain the program, golf services are proposed to continue to be based on fee for service. The Civic Administration continues to recommend that lower fees for youth be maintained in order to continue to grow and attract youth to the game of golf.

Storybook Gardens

Changes to the current fees are being recommended in order to round off the fee when HST is applied. It is recommended that regular admissions fees be increased for 2019, noting that these fees have not been increased in a few years. Market research indicates small fee increases are warranted. Consultation with staff, review of online feedback, and a competitive market scan have been undertaken as part of the consideration of the recommended proposed fee increases.

Specialized Summer Day Camp (2019)

The fee for specialized summer day camp is proposed to be increased in 2019. This fee has not been raised in a few years. Market research indicates that a small increase to the fee is warranted. Consultation with staff, review of online feedback, and a competitive market scan have been undertaken as part of the consideration of the recommended proposed fee increase.

Miscellaneous Revenue (2019)

Increased fees are being proposed for amusement day passes and 1/2 day passes in 2019. Amusement rides are an optional activity at Storybook Gardens and are therefore not included in the price of admission. The provision of rides is labour intensive, requiring 1 to 2 trained operators on hand at each ride at all times, as well as regular inspections and service by certified amusement ride mechanics. The proposed fee increase will continue to be lower than fees charged at other venues offering amusement rides.

Parking

Increases in fees related to parking meter bagging (per stall) are proposed as this fee has not been increased for a number of years.

The parking fees for the Lot #15 – London Convention Centre are proposed to be reduced to provide for a competitive rate with surrounding private parking lots. It is also proposed that a new flat fee for bus parking in the Lot be introduced instead of requiring the bus to purchase individual tickets for six or seven stalls.

The parking fee for Lot #16 – 205 Oxford Street (Piccadilly Street and Oxford Street) is proposed to be increased to reflect the fee charged in area parking lots.

A new reserved parking fee is being proposed for Lot #16 – 695 Richmond Street.

Bulk pricing (greater than 5 stalls) is being proposed for Lot #1 – East London, north of Dundas Street between English and Elizabeth Streets and Lot #2 – East London, north of Dundas Street between Elizabeth and Adelaide Streets.
