BACKGROUND

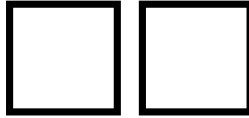

In September of 2014 Civic Administration reported to Community and Protective Services Committee on animal welfare strategies and with Council approval implemented a number of amendments to the Animal Control By-law PH-3 and Dog Licensing & Control By-law PH-4. At that time new fee structuring was implemented as well allowing some new fees that allowed discounts to cat and dog owners who had their animals both altered and microchipped, as well

as a discount offered to seniors. The only licensing fees that were increased at that time were for a complete/intact dog and cat. All other fees have not been increased since 2006.

The proposed amendments referred to as minor housekeeping in By-law PH-3, Animal Control and By-law PH-4, Dog Licensing and Control By-law are at the result of Civic Administration approving the use a permanent pet identification tag in 2016. Pet identification tags since 2016 are only provided to the cat and dog owner upon initial registration of the animal. Upon renewal each year only a receipt with the tag serial number is provided. Replacement tags are available for any that may be lost or damaged.

The proposed amendment referred to as minor housekeeping in By-law PH-5, Public Pound By-law would be to determine what animals, when at large, the Pound keeper shall impound. London Animal Care has never typically patrolled for cats at large but will impound confined cats delivered to the pound, in accordance with the wording of the agreement between the City of London and Urban Animal Management.

CONCLUSION

This slight increase of the fees will assist in offsetting the operational costs of the two new animal service facilities being the Companion Animal Hospital and the Cat Adoption Centre.
