

Attention Corporate Services Committee,

I would like to request that a question be put on the ballot for the 2018 Municipal Election, asking whether or not the public wants Bus Rapid Transit.

I think that with the enormous cost of Bus Rapid Transit that it should be put on the ballot so the taxpayers of the City of London can have a say whether they want this put in or not. It shouldn't be up to just city council to approve this without letting the citizens of London having a say in this since it will be some of their taxes dollars going towards this.

I am personally not in favour of Bus Rapid Transit and I don't want a dime of my tax dollars going to something that I will never use. I have talked to several friends about Bus Rapid Transit and none of them think this a good use of tax payer dollars either and they aren't in favour of this either.

Sincerely,

Scott Jackson
