Attention: Mr. Larry Mottram, Senior Planner
Development Services

Dear Mr. Mottram:

Subject: 1635 Brayford Avenue, Lot 18, R.P. 33M-714
Objection to the Removal of 'h-37' Symbol – Your File: Nicola Vecchio/H-8832

We are sending this letter on behalf of our clients who own a property located in the vicinity of 1635 Brayford Avenue (Lot 18, R.P. 33M-714) in the City of London. The Municipal address for their property is 2291 Wickerson Road, which is located on the west side of Wickerson Road across from the subject land. The property contains a livestock facility.

Our clients strongly object to the proposed removal of the holding symbol 'h-37' from the zoning for the subject land to allow development of residential uses permitted under the Residential R1 (R1-4) Zone. 1635 Brayford Avenue is located within the Provincial Minimum Separation Distance (MSD) from the livestock facility contained on our clients' land. The removal of the 'h-37' symbol from any property(s) within the MSD from their livestock facility is not in their best interest at this time.

Our clients have no intention to remove the livestock facility from their property. Please let us know if we need to meet with any City official(s) to discuss this matter further. Until then, please take this letter as the formal objection to the proposed zoning amendment.

By a copy of this letter, we are requesting Ms. Heather Lysynski to bring this objection to the attention of The Planning and Environment Committee.

Respectfully Submitted,

Narinder P. Sharma, P. Eng.
