Re: Proposed Stop Sign(s) for Blackacres Blvd

As long time residents of 296 Blackacres Blvd, we support the installation of at least one stop sign (if not two) between Yew Tree Gardens and Winding Woods Rd on Blackacres Blvd.

My family has had a couple of side swipes while parked in front of our house due to the speeding vehicles coming in from Wonderland Rd. We've witnessed several other accidents over the years, always seeming to stem from the speed travelled around the curve. We've even seen a car go airborne, chopping off a tree before stopping on the grass in front of the neighbor's house.

We have noticed an increase in the traffic over the last couple of years and would like to see something done to reduce the speed these vehicles seem to be travelling. The buses seem to be particularly fast along this track. The traffic is likely to increase greatly again when the new portion of Blackacres Blvd is open and we feel that it is time to slow down the traffic by installing a couple of well placed stop signs.

Please do not hesitate to contact us if more details are required. We can be reached _____ or at the above mentioned address.

Yours sincerely,

Larry Hawke
