The Mayor and Members of Municipal Council:

Re: Emergent Motion – Expense Request – National Zero Waste Council – November 1, 2017 and Annual General Meeting November 2, 2017

The undersigned was recently appointed by the Federation of Canadian Municipalities (FCM) to the National Zero Waste Council (Council). This Council will be holding a Conference in Vancouver, British Columbia, on November 1, 2017, which will be followed by the Annual General Meeting of the Council on November 2, 2017. As the undersigned is a newly appointed member to the Council, the Council's administration is recommending my attendance at the Conference and AGM.

As a result, the undersigned is seeking Council approval for reimbursement of the costs related to travel and hotel expenses to attend these two events. The anticipated costs would be approximately \$2,200.00. There is no registration cost related to the Conference, as it waived for Council Members.

As a result, the undersigned is seeking support of the following motions:

Motion for Leave

That pursuant to section 20.2 of the Council Procedure By-law, leave be given for the introduction of an emergent motion to consider the request from Councillor H.L. Usher for approval of reimbursement of costs related to travel and hotel expenses to attend the National Zero Waste Council Conference and Annual General Meeting to be held on November 1, 2017 and November 2, 2017, respectively, in Vancouver, British Columbia.

Emergent Motion

That the request from Councillor H.L. Usher for the reimbursement of costs in the amount of approximately \$2,200.00, for travel and hotel expenses related to attendance at the National Zero Waste Council Conference and Annual General Meeting to be held on November 1, 2017 and November 2, 2017, respectively in Vancouver, British Columbia BE APPROVED; it being noted that Councillor H.L. Usher was appointed by the Federation of Canadian Municipalities as of their two representatives on the National Zero Waste Council.

Respectfully submitted,

Harold Usher,
Councillor, Ward 12
