Subject: Re: Next AAC Meeting - Nov. 15

Good Morning Jerri and Committee Members,

I would like to add a motion to the Nov 15th agenda for the **AAC to contribute \$500 to assist with speaker costs for the Resilient Cities Conference, which is also being supported by the ACE, TFAC and Transportation committees.**

This important conference will feature several visiting speakers and many of the sessions deal with food and agriculture issues facing cities.

Michael
