Agenda Items:

1. Draft Cultural Heritage Screening Report – London Bus Rapid Transit System

The Stewardship Sub-Committee received the draft Cultural Heritage Screening Report (CHSR) – London Bus Rapid Transit System (WSP, February 6, 2018). The CHSR was referred to the Stewardship Sub-Committee by the LACH at its meeting on February 14, 2018, with the request to report back at its meeting on March 14, 2018.

The Stewardship Sub-Committee was tasked to review the 550 resources identified in the draft CHSR as requiring further cultural heritage work related to the implementation of London’s Bus Rapid Transit System and to provide comment. This includes 16 individually-designated heritage properties and three Heritage Conservation District along the Rapid Transit corridors, as well as 110 heritage listed properties. The draft CHSR also identified 421 “conditional heritage properties” that are not listed or designated, but were identified as having potential cultural heritage value or interest.

The Stewardship Sub-Committee reviewed the draft CHSR and recommends that further cultural heritage work be required for 439 properties that were identified by the draft CHSR. The Stewardship Sub-Committee recommends that no further cultural heritage work be required for 104 properties that were identified by the draft CHSR. The Stewardship Sub-Committee also reviewed the Rapid Transit Corridors and recommends that further cultural heritage work be required for 30 properties which were not identified by the draft CHSR but which it believes to be of potential cultural heritage value or interest.

The Stewardship Sub-Committee also recommends that those properties that are not currently listed on the Register (Inventory of Heritage Resources) be added. This will ensure that all properties requiring further cultural heritage work as part of the Rapid Transit project a consistent cultural heritage status. This will also provide interim provisions to ensure that these potential cultural heritage resources receive due

process should a demolition request be received prior to that further cultural heritage work being completed.

To ensure consistency and rigor in the completion of Cultural Heritage Evaluation Reports (CHERs) and Heritage Impact Assessments (HIAs), the Stewardship Sub-Committee recommends that Terms of Reference be prepared for CHERs and HIAs.

Additionally, further review is required to identify any property-specific impacts within the three Heritage Conservation Districts (HCD) along the Rapid Transit Corridors: Downtown HCD, West Woodfield HCD, and Blackfriars/Petersville HCD. Property-specific HIAs may be required.

Table 1: Summary of Property Recommendations by Stewardship Sub-Committee

Total properties flagged by draft CHSR	550 properties

Recommended for further cultural heritage work by Stewardship Sub-Committee (not flagged by draft CHSR)	30 properties
No further work recommended by Stewardship Sub-Committee	104 properties
Total properties recommended by Stewardship Sub-Committee requiring further cultural heritage work	469 properties

Recommendation: The Stewardship Sub-Committee recommends that:

- a) Further cultural heritage work be completed for the attached list of properties, including Cultural Heritage Evaluation Reports (CHER) and/or Heritage Impact Assessment (HIA);
- b) Terms of Reference for Heritage Impact Assessments and Cultural Heritage Evaluation Reports be prepared;
- c) The properties requiring further cultural heritage work not yet listed on the Register (Inventory of Heritage Resources) be added to the Register;
- d) Further review be undertaken to identify specific properties that may be affected within the Downtown Heritage Conservation District, West Woodfield Heritage Conservation District, and Blackfriars/Petersville Heritage Conservation District to identify where property-specific HIAs may be required.
