

### Development and Compliance Services **Building Division**

**To**: G. Kotsifas. P. Eng.

Managing Director, Development & Compliance Services

& Chief Building Official

**From**: P. Kokkoros, P. Eng.

**Deputy Chief Building Official** 

**Date:** October 16, 2017

RE: Monthly Report for September 2017

Attached are the Building Division's monthly report for September 2017 and copies of the Summary of the Inspectors' Workload reports.

### **Permit Issuance**

By the end of September, 3,887 permits had been issued with a construction value of approximately \$919.6 million, representing 2,104 new dwelling units. Compared to last year, this represents a 5.8% increase in the number of permits, an 11.5% decrease in the construction value and a 2.95% decrease in the number of dwelling units.

To the end of September, the number of single and semi-detached dwellings issued were 826, which was a 25% increase over last year.

At the end of September, there were 765 applications in process, representing approximately \$230 million in construction value and an additional 553 dwelling units, compared with 592 applications having a construction value of \$312 million and an additional 768 dwelling units for the same period last year.

The rate of incoming applications for the month of September averaged out to 19.6 applications a day for a total of 393 in 20 working days. There were 68 permit applications to build 68 new single detached dwellings, 30 townhouse applications to build 81 units, of which 19 were cluster single dwelling units.

There were 405 permits issued in September totalling \$75.4 million including 137 new dwelling units.

### **Inspections**

### **BUILDING**

Building Inspectors received 2,918 inspection requests and conducted 3,385 building related inspections. No inspections were completed relating to complaints, business licenses, orders and miscellaneous inspections. Based on a staff compliment of 11 inspectors, an average of 282inspections were conducted this month per inspector.

Based on the 2,918 requested inspections for the month, 84% were achieved within the provincially mandated 48 hour time allowance.

### **PLUMBING**

*Plumbing Inspectors* received 1,216 inspection requests and conducted 1,550 plumbing related inspections. An additional 3 inspections were completed relating to complaints, business licenses, orders and miscellaneous inspections. Based on a staff compliment of 5 inspectors, an average of 258 inspections were conducted this month per inspector.

Based on the 1,216 requested inspections for the month, 97% were achieved within the provincially mandated 48 hour time allowance.

### **NOTE:**

In some cases, several inspections will be conducted on a project where one call for a specific individual inspection has been made. One call could result in multiple inspections being conducted and reported. Also, in other instances, inspections were prematurely booked, artificially increasing the number of deferred inspections.

AD:cm Attach.
