

Community Safety -

Transforming neighbourhoods one resident at a time!

Helping Londoners build safe and vibrant communities!

Neighbourhood Watch London

START

We believe in welcoming, informed and inclusive neighbourhoods where all residents feel safe and secure.

We believe that working with our members and community partners will strengthen our community and increase feelings of well being and sense of belonging.

1983

First Watch in London is established by a concerned resident who experienced a break and enter of their home.

2018

Today, over 22 000 residents help keep their community safe with 498 Watches across the city.

Imagine a network that engages and empowers Londoners to create new community safety practices that fit their unique neighbourhood.

Imagine connecting to each other, to partner organizations, and to police - citywide, provincially, even nationally all in the name of making communities safer.

We have served London and Middlesex Region for 35 years and believe now is the time to innovate and pave the way for greater community safety.

How?

By evolving into a community safety network.

Did you know?

Each year, Neighbourhood Watch educates and supports Londoners in safety and crime prevention techniques and delivers community safety presentations all over the city and region.

In 2017 alone, over 4000 individuals learned about community safety.

THE VISION

As London and Middlesex Region's **Community Safety Network**, we will act as a central hub for community safety through increased partner engagement and collaboration, while continuing to operate Neighbourhood Watch as a program within the network.

88% of Canadians consider being able to live in a safe and secure environment one of the most important aspects of their lives.

Why change?

We have a duty to respond to our community's needs, and by adopting the Community Safety Network model, we will be able to better serve London and Middlesex Region as we create dynamic partnerships and work with residents to develop and implement evidence-based crime prevention and resident safety programs.

Support from London Community Foundation's Vitality Grant will be a game-changer for community safety in London and Middlesex Region.

**LONDON
COMMUNITY
FOUNDATION**

It will allow us to responsibly grow Neighbourhood Watch London into a new kind of agency dedicated to responding to community safety issues dynamically across all sectors of the community. From government to organization to resident, we will connect and help keep London and Middlesex Region neighbourhoods safe.

Neighbourhood Watch London

Safe, secure and vibrant neighbourhoods are essential

and we need your help to make that a reality!

How can you help?

Make a personal donation

Observe, Report, Share!

Talk about the benefits of the Watch Program to new people!

Rally your watch members to donate

Connect with your Watch Members monthly

Did you know that if each Watch donated \$100, we could collectively raise \$46,000 to support NWL programs?!

Looking for other ways to contribute?

Host a Neighbourhood Event!

Gather your neighbours and have a garage sale

Or a bake sale!

Pass around a donation bin at a BBQ

Donate today!
