Chair and Members
Community Services Committee

Re: Park Planning and Development

I respectfully request that the Civic Administration be required to provide a report outlining the current process and requirements with respect to the development and construction of new parks in newly developed areas.

At present it appears It can take up to take 5 or 6 years before a park is constructed. I would like the report from the Civic Administration to address how the current requirements and timelines could be improved.

I will be available to address any questions that may arise as a result of this request.

Respectfully,

Matt Brown
Councillor Ward 7
