# **Report to Planning and Environment Committee**

To: Chair and Members

**Planning & Environment Committee** 

From: John M. Fleming

**Managing Director, Planning and City Planner** 

**Subject:** Application By: Drewlo Holdings Inc.

661 and 667 Talbot Street

Meeting on: April 30, 2018

## Recommendation

That, on the recommendation of the Managing Director, Planning and City Planner, in response to the letter of appeal to the Ontario Municipal Board, received November 27, 2017 submitted by Ian Flett on behalf of AnnaMaria Valastro relating to the Zoning Bylaw Amendment Z.-1-172622 concerning 661 and 667 Talbot Street, the Ontario Municipal Board **BE ADVISED** that the Municipal Council has reviewed its decision relating to this matter and sees no reason to alter it.

# **Executive Summary**

#### **Purpose and the Effect of Recommended Action**

The recommended action would advise the Ontario Municipal Board that Municipal Council is in agreement with their previous decision on October 30, 2017 to approve the requested amendment to the Zoning By-law to permit a bonus zone for a 16-storey apartment building at a density of 403 uph.

# **Previous Reports Pertinent to this Matter**

Z-8659: Public Participation Meeting on October 23, 2017 for the development of a 16-storey (49.5m tall) apartment building with 236 apartment units (403 uph). Two levels of underground parking totaling 133 parking spaces and 38 surface parking spaces are to be provided.

#### **Background**

An application to amend the Z.-1 Zoning By-law was received by the City and deemed complete on July 20, 2016. The initial application for a 16-storey apartment was designed with 16 storeys of height along the frontage of Talbot Street and also stretched back into the site along the northerly property limit in an L-shaped form. Through the application review and input from city departments, the public, and relevant panels and agencies the development design eventually evolved to reduce potential impacts on the surrounding area and respect the heritage features of neighbouring properties. The result was a U-Shaped building with a 3-storey base along Talbot Street, that steps back to 7-storeys in height, with a further 16-storeys of height being moved to the rear and north side of the property.

A Public Participation Meeting occurred before the Planning and Environment Committee on October 23, 2017, and Council approved the requested Zoning By-law Amendment on October 30, 2017. The approved amendment was a change to the Zoning By-law from a Residential R3/Residential R10/Office Conversion (R3-1/R10-3\*H30/OC4) Zone TO a Residential R3/Residential R10 Bonus (R3-1/R10-3\*H30\*B(\_)) Zone and an Open Space (OS4) Zone.

Figure 1: Council Approved Development Concept

The Bonus Zone approved by Council was intended to facilitate the development of a high quality, multi-storey residential apartment building, with a height of up to sixteen (16) storeys (49.5m) and a maximum of 236 dwelling units (403 units per hectare), which substantively implements the building design depicted in Figure 1 (above). In return for the Bonus Zone, the applicant agreed to provide the following services, facilities and matters:

## i) Exceptional Building Design Specifically the building design shown in the various illustrations contained in Schedule "1" of the amending by-law, is being bonused for features which serve to support the City's objectives of promoting a high standard of design for buildings.

#### ii) Overall Design

A contemporary architectural design that uses a coordinated palette of high quality materials to be further refined through the site plan approval process, including the use of brick along the Talbot Street frontage of the building for the first 3-storeys to ensure the building is in keeping with the character of the area.

#### iii) Podium Base Design

- a) A podium base up to 3-storeys in height to provide a pedestrian-friendly scale at ground-level and a continuous street-wall façade along the easterly (Talbot Street) façade;
- b) A stepback after the first 3-storeys along Talbot Street providing a pedestrian scale that is in keeping with the character of the buildings to the south and east.

#### iv) Tower Design

A building design that breaks up the massing of the building by providing multiple height variations and architectural details to respond to the surrounding community.

#### v) Parking Strategy

The provision of two levels of underground parking.

Copies of the appeal letter from Ian Fleet, and the reasons for the appeal, are attached as Appendix 'B' to this report. The Ontario Municipal Board hearing has been scheduled for May 30, 2018.

## 5.0 Conclusion

The proposed development will contribute to the mix of residential uses in the area while encouraging the redevelopment of an underutilized site. The development provides an appropriate form of intensification considering its physical size, shape and distribution of massing, as well as its location near the downtown and accessible bus routes. The bonusing of the subject site ensures that the building form and design will fit within the surrounding area and provide for an enhanced design standard. Planning staff have reviewed the appeal letter and see no reason for Council to alter its decision relating to this matter.

Delivered by hand

City Clerk Office The Corporation of the City of London 300 Dufferin Ave, London, ON N68 122

Dear: City Clerk

Re: Notice of Appeal re London Zoning By-law Z-8659

We are the lawyers for AnnaMaria Valastro on behalf of the North Talbot Neighbourhood Association. Our client appeals Zoning By-law Z-8659 for the following reasons:

- Council failed to consider the impact of the development proposal on the Thames Valley Significant Corridor as contemplated by policy 15.4.6 of the Official Plan;
- The development proposal is inconsistent or conflicts with Provincial Policy Statement policy
   2.1.8 being adjacent to a Significant Valley land;
- Council failed to consider the impacts of the development proposal on traffic operations surrounding the subject site in accordance with policy 18.2.7 Official Plan;
- Council failed to consider active transportation in and around the subject site contrary to Official Plan policies 18.2.8 and 18.2.14 and inconsistent with PPS 2014 policy 1.6.6.2.
- Council failed to consider the impacts of the development application, as approved, on neighbouring properties, thereby failing to conform to its Official Plan;
- Council failed to consider the impact on lands designated Open Space near and/or upon the subject site and further, failed to appropriately zone certain lands near the Thames River;
- Council failed to provide sufficient information ahead of a public meeting for the public to generally understand the application in contravention of section 35(12)(a)(i) of the Planning Act;
- By-law Z-8659 fails to conform to Official Plan policy 3.4.3 by inverting the focus of where growth and intensification is directed in the City of London;
- By-law Z-8659 fails to conform to Official Plan policy 3.4.3 as there are few, if any, unique attributes to benefit the public.
- The impugned by-law fails to conform to Official Plan policies concerning the Talbot mixed-Use Area, inter alia, policy 3.5.1 by:

THE PARK CALLEST THE PARK THE MALLES WHEN THE PARK THE PA

- Adversely impacting the neighbourhood by removing visual access to the Thames River Valley;
- Changing the low rise, low and medium density character of the area to high density without sufficient setbacks or interface between the site and surrounding land uses.
- Does not provide a high standard of landscaped open space with minimal front yard area of 2.5 meters is insufficient; any other landscaped open space is private and not available for public amenity; the street trees are on public property and not part of the project.
- The impugned zoning by-law fails to conform to Official Plan policies concerning built form, including policy 11.1.1 by failing to:
  - complement significant natural heritage features Thames Valley Corridor;
  - minimize the obstruction of natural features and landmarks;
  - consider the retention of trees on the subject site;
  - disharmonious architectural styles;
  - consider appropriate design styles on the edge of the Thames River.

Please find enclosed a Notice of Appeal and a cheque in the amount of \$300 to Minister of Finance;

We are obliged for your confirmation of receipt of this correspondence and our client's Notice of Appeal.

Yours very truly,

ERIC K. GILLESPIE PROFESSIONAL CORPORATION
