

Good morning Councillor Brown,

I guess it's no mystery where I stand on the 0% tax increase, as I was quote throughout this article <http://www.lfpress.com/news/london/2012/07/09/19966456.html>. As a resident of Old South, I just wanted to connect with you and let you know that indeed, if 0% means any of the cuts to services as listed in the Appendix to the staff report, I simply can't support it. So, yes, I am asking you to increase my taxes next year, as surprising as that may sound.

Thank you,
