PREVIOUS REPORTS PERTINENT TO THIS MATTER

Contract extensions have been executed in 2003, 2005, 2007, 2009, 2010, 2012, 2014, 2016, and 2017.

BACKGROUND

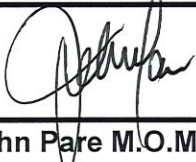

In November, 1998, the Province introduced the Community Policing Partnerships (CPP) Program. The program was initiated as a five year partnership between the province and municipalities where the Ontario Government provides fifty percent of salary and benefit costs to a maximum of \$30,000 per allocated officer. The program is intended to increase police presence and support targeted enforcement initiatives addressing high crime areas such as residential break and enters, vehicle thefts, crimes impacting neighbourhoods, and street crime. The London Police Service receives funding for 30 front-line officers representing annual revenue of \$900,000.

Contract extensions have been executed in 2003, 2005, 2007, 2009, 2010, 2012, 2014, 2016 and 2017. The amendment is for the period from April 1, 2018 through March 31, 2019.

It is anticipated that this grant will be replaced in future by the Police Effective and Modernization Grant (PEM). There are no guarantees that the same level of funding will be maintained after April 1, 2020.

Risk Management has reviewed the Indemnification clause in the agreement and provides the following information: "The indemnity provision is a standard provision, which in the case of this agreement is acceptable."

The Recipient and the Board will mitigate risks associated with this transfer payment agreement by using the optimum level of oversight, control and discipline enabling us to manage risk in changing environments and help provide the proper level of assessment to ensure that the planning outcomes meet the necessary objectives. This will be done using clearly defined expectations of the objectives, functions, and eligibility criteria for all planning activities that are supported by this transfer payment agreement.
