Subject: Meeting Zoning 1472 Hurn St. Aug 15, 7:30 P.M.re File Z-7887

Heather Lysynski
City of London Clerks Department
File Z-7887

Dear Ms. Lysynski:

I'm certain you can appreciate that holding a public participation meeting in the middle of summer regarding an important zoning change within in neighbourhood community at 1472 Huron Street is NOT acceptable. Every interested property owners in our neighbourhood should have the opportunity to to voice their concerns regarding a recommendation for a special provision zoning to allow a pharmacy in conjunction with a medical office at this site, but are on vacation and unable to attend the meeting on August 15th.

Please be advised that the property owners listed below are **STRONGLY OPPOSED** to the recommendation to amend the bylaw. We have easy access to four existing pharmacies with our neighbourhood community as well as a medical walk-in clinic next door to Shoppers Drug Mart on the South East corner of Huron & Highbury. Zellers Pharmacy on the South West corner of Huron & Highbury, Pharmasave on the North West corner of Huron & Highbury and Rexall Pharmacy on the corner of Highbury & Killalley and special zoning for a pharmacy on this site should not be allowed period.

We respectfully request that the Built and Natural Environment reject this application.

Yours truly,

Trevor Kenward & Joanne Markham
