## BACKGROUND

The Investment in Affordable Housing (IAH) Program allocates funding within related eligibility criteria to designated municipal Service Managers in support of local priority affordable housing needs. The IAH allocation for the London Service Manager area is \$13.6 million to March 31, 2015. A Program Delivery and Fiscal Plan (PFDP) was approved by Council December 2011 and submitted to the Province. The London PFDP was guided by the London Community Housing Strategy (LCHS) which independently established needs and priorities for affordable housing as well as other system, environmental, program, and funding recommendations.

### London Community Housing Strategy

The London Community Housing Strategy (LCHS) plan, approved by Municipal Council in June 2010, represents an integrated and comprehensive approach that calls for a continued investment and action from all orders of government and from other sectors. It builds on local successes and addresses local needs in the continuum from streets to home ownership. The LCHS recommends a mix of system design, program, political advocacy, service delivery, and administrative recommendations that combine with 1,200 proposed new housing units.

After examination of several program and funding options that remain consistent with the London Community Housing Strategy (LCHS), civic administration recommends the approval of the proposed spending plan under the Investment in Affordable Housing Program as per the following chart reflecting the creation of 551 affordable housing units through a mixed "tool box" approach:

### Request for Proposals – RFP12-23

This RFP for new affordable housing units closed July 20, 2012. Four proposals were received, two from proponents wishing to develop within the city and two proponents from Middlesex County.

Based on the amount of federal/provincial funding available this fiscal year, there was insufficient funding for all four proposals, therefore the proposal with the lowest overall score is not being recommended at this time, however the proponent will be encouraged to re-apply for next year's round of funding.

After review by an Evaluation Committee, the following three (3) proposals are recommended to be forwarded to the Province for approval.

#### Re-allocation of Federal/Provincial Funding between Programs

Total federal/provincial funding in the amount of \$5,086,620 is available for the New Rental component of the Investment in Affordable Housing Program (IAH) for this fiscal year. \$3,720,000 was allocated through RFP12-06, leaving \$1,366,620 for RFP12-23. The three recommended projects will require \$1,140,000 in federal/provincial funds, leaving \$226,620 which must be spent or returned to the Province.

Under the Program Delivery and Fiscal Plan, federal/provincial funding may be re-allocated locally between IAH programs with the caveat that the re-allocation cannot be between capital and operating, but capital to capital.

The IAH offers the following program components to Service Managers: Rental Housing; Homeownership; Rent Supplement; Housing Allowance and Ontario Renovates. Service Managers may select which components to deliver each year using their annual funding allocation.

#### REVISED - Program Delivery and Fiscal Plan (PDFP):

After examination of several program and funding options that remain consistent with the Housing Strategy and Homelessness Plan, Council approved the proposed spending plan under the Investment in Affordable Housing Program reflecting the creation of 551 affordable housing units through a mixed "tool box" approach.

Given that we do not wish to lose funding from other sources, particularly federal/provincial funding, the Evaluation Committee with the support of civic administration, recommends that the \$226,620 in federal/provincial funding remaining in the New Rental component be re-allocated to the Ontario Renovates component. This re-allocation may help mitigate some of the issues created by the changes in social assistance funding announced in the last provincial budget (see Community Services Committee Ontario Renovates report July 17, 2012). Re-allocation of the funding will result in an additional sixty-five (65) households being assisted by the Ontario Renovates grant and two (2) less new rental units.

The Ontario 2012 Budget proposes changes that will affect individuals receiving benefits from Ontario Works (OW), the Ontario Disability Support Program (ODSP), for people who are homeless, for families with children, and for seniors.

The social assistance Home Repair Benefit ended as of July 1, 2012. Home repairs were provided as a mandatory benefit through ODSP and as a discretionary benefit through OW where no other funding was available to cover the cost for homeowners where:

- The recipient could be forced to vacate the home if these repairs are not done;
- There is a risk to the health or well-being of a member of the household; and/or
- Extensive damage will result to the home if the repairs are not undertaken immediately.

It is anticipated that termination of the Home Repair Benefit may increase the demand for the new Ontario Renovates Program funded as part of the federal/provincial IAH Program. Loss of the Home Repair Benefit may also increase pressures on homelessness prevention funding as this benefit prevented families from having to leave their homes due to unsafe housing.

As per the approved PDFP, the City of London will be proceeding with funding for accessibility repairs, up to \$3,500 per-unit, in the form of a grant which does not require repayment provided that homeowners agree to continue to own and occupy the dwelling unit for at least six months after the work has been completed and in the case of a rental unit, the landlord must agree that adaptation work will not result in a rent increase.

**REVISED Breakdown of PDFP by Type of Units  
(Based on Funding Re-allocation to Ontario Renovates Home Adaptation):**

IAH or Municipal Component	Funding Recommended	Revised: Update / Policy / Program Change Required	Approved PDFP Units Created	Revised: PDFP Units Created
Ontario Renovates Home Adaptation	\$3,500 per unit (f/p capital)	93 units year-two; 28 units year-three; 29 units year-four	85	150

	Maximum \$24,000 per unit	Average 2 units per year

Provincial approval of the re-allocation is not required. The Ministry will be apprised of the re-allocation through our quarterly PDFP updates.

## **SCHEDULE "K"**

### **PROTOCOL FOR NON-COMPLIANCE**

#### IAH - Rental Housing Component

#### **1. BACKGROUND**

1.1 This guideline addresses the obligations to indemnify any obligations of AHP participants to recover funding from affordable housing projects which may encounter difficulties within the relationships described below:

- (a) Province - Canada Mortgage and Housing Corporation ("CMHC");
- (b) Service Manager ("SM") - Province;
- (c) Proponent - Service Manager; and
- (d) Proponent - Province.

1.2 While this Schedule pertains to the Rental Housing Component of the IAH Program, the same set of underlying principles and requirements could accommodate other program components with minor adjustments.

1.3 The undertakings and commitments contained in this Schedule are consistent with and do not supersede any agreements between the Governments of Canada and Ontario as per the CMHC – Ontario Agreement for Investment in Affordable Housing 2011-2014 (the "IAH Agreement").

#### **2. CONSULTATION**

2.1 When the Service Manager becomes aware of a failure of a Proponent to observe or perform a material condition in the Municipal Contribution Agreement, the Service Manager shall notify the Province, which shall, in turn, notify CMHC. The Province and the SM shall each appoint one person to an ad hoc committee for the purpose of assembling information relating to the project in difficulty and determining a course of action for rectifying the difficulty. CMHC shall be invited to participate and will determine the extent of its involvement on the committee. Terms of reference for the ad hoc committee shall be developed and agreed to by all three parties.

#### **3. BEST EFFORTS**

3.1 In determining what course of action may be undertaken to rectify a project in difficulty, the parties shall use their best efforts to work together co-operatively with a view to maintaining, to the greatest extent possible in the circumstances, the affordability of the rents for the project as determined by the Contribution Agreement. The parties acknowledge that the interests of the tenants shall be considered in determining what course of action may be most suitable for a project in difficulty.

#### **4. ADVANCE NOTICE**

4.1 Neither CMHC, the Province or the SM shall substantially modify the terms of any project-specific agreement, including the Contribution Agreement, or the advance of funds or the security documentation associated with the advance of funds, with the exception of a CMHC insured first mortgage, without providing written notice to the other parties and a reasonable opportunity for the other parties address the implications of such action,

- 4.2 The obligation to indemnify or the distribution of a recovery of funds from a project in difficulty will require the Service Manager and/or Proponent to exhaust all reasonable opportunities to seek recovery, which efforts shall include but shall not be limited to resorting to legal action to defend third party claims, seeking indemnification from insurance policies, if any, that may afford coverage for a particular loss and/or recovering funds from bonding companies or other third parties who, at law, may be responsible for the losses of a project in difficulty.

## 5. INDEMNITY

### 5.1 Province - CMHC

- (a) As per the IAH Agreement, Ontario will indemnify CMHC as the result of third party "claims" arising out of the implementation of the Agreement. "Claims" is defined as any legal action against CMHC in connection with the IAH Agreement.
- (b) Federal-Provincial indemnity provisions on Project Development Funding and environmental claims remain as per the IAH Agreement.
- (c) Where CMHC has insured a proponent's first mortgage and a default occurs on the insured mortgage, the Province is not required to indemnify CMHC for any losses related to the mortgage insurance as per the IAH Agreement.
- (d) The IAH "capital" funds and the circumstances dealing with the recovery of these funds are dealt with in subsequent sections of these guidelines.

### 5.2 SM - Province

- (a) It is proposed that the SM indemnify the Province for any third party claims against the Province, unless the claims are in any way, directly or indirectly, attributable to the negligence, bad faith or willful misconduct of the Province.
- (b) Subject to the preceding paragraph, during the construction phase of a project, it is proposed that the Service Manager indemnify the Province for 100% of federal IAH project funding, as a result of any third party 'claims' against the Province, subject to certain exceptions as per the IAH Agreement, including:
  - (i) Maximum liability is limited to the total amount of federal-provincial funding advanced at the time of the loss-giving rise to the claim for indemnification;
  - (ii) 50% share of provincial liability for losses in relation to Project Development Funding (i.e. 25% of the total claim);
  - (iii) 50% share of provincial liability for losses as a result of environmental and pollution claims (i.e. 25% of the total claim);
  - (iv) no indemnification for losses covered by CMHC or other insurance.
- (c) Following completion of construction, it is proposed that the Service Manager will indemnify the province for any third party 'claims' on a 50% basis for CMHC, with respect to the federal portion of IAH funding, and on a 100% basis for the Province, subject to same exceptions as indicated above.

5.3 Proponent - SM

- (a) The proponent would be required to indemnify the province for any claims against the Province or CMHC in accordance with the Contribution Agreement.
- (b) The SM should also request full indemnification from the proponent for any claims against the SM.

5.4 Proponent - Province

- (a) Where there is a direct relationship between the Province and a proponent, the Province will require 100% indemnity of CMHC and provincial funds paid in the event of a claim against the province or CMHC.
- (b) Indemnification of CMHC will be required during the construction and occupancy period of a project. Indemnification of the province will be required throughout the period during which provincial affordability payments are made.

**6. RECOVERY OF FUNDS**

6.1 Under the IAH, a number of circumstances could arise which could make a project "non-compliant". Examples include:

- (a) Construction Failures - increased construction costs, bankruptcy;
- (b) Environmental considerations - with the exception of those identified and record& in advance of an IAH funding commitment;
- (c) Program compliance violations - project fails to remain affordable or does not maintain its affordability target for the full 20 years, or funds are misused.

6.2 Province - CMHC

- (a) CMHC would not expect full repayment of federal capital by the Province if the province confirms that "best efforts" were made to collect the funds.
- (b) Best efforts would involve adherence by the SM to the "risk sharing protocols" in order to minimize occurrence of failure. Furthermore, the parties will need to explore all available remedies with SMs, proponents and CMHC, and implement the best remedy to the extent possible.
- (c) If efforts lead to a recovery of capital funding, CMHC would expect a repayment of "a pro rata portion" of the federal funding. It is reasonable to propose that all three funding partners should share in any proceeds recovered, in proportion to their contributions.
- (d) A sliding scale for CMHC forgiveness is set at 5% per year over 20 years. Under certain circumstances, the Province will share this forgiveness with SMs and proponents, otherwise the Province will collect these funds for recycling in other projects.
- (e) Federal funding could either be repaid by the Service Manager to the Province and recycled in new commitments before March 31, 2009 or refunded directly to CMHC after this date.
- (f) In the event that auditors discover misuse of federal funding as per the IAH Agreement, CMHC would expect a refund from the Province where applicable. The amount owing could be reduced based on earned

forgiveness of the principal amount during the period of project compliance.

6.3 SM - Province

- (a) In the event a project ceases to be an IAH project for reasons related to negligence, misuse or non-compliance, the Province will expect to be repaid for provincial contributions advanced during the period of non-compliance.
- (b) In the event a project ceases to be compliant due to the negligence of the SM, the Province would expect the SM to repay the Province 100% of CMHC funds, less any earned forgiveness of the principal amount, during the period of project compliance.

6.4 Proponent - SM

- (a) It is required that the SM would adopt a similar position if a project terminates under reasonable circumstances. That is, best efforts can be made to recover government contributions, but if there were no proceeds available, repayment would not be expected.
- (b) In situations of non-compliance due to misuse or negligence, the SM is expected to take remedies available to recover government contributions.

6.5 Proponent - Province

- (a) In situations of non-compliance due to misuse or negligence, the province would expect 100% repayment of federal and provincial funds from the proponent.
- (b) If a project ceases to operate as an IAH project, under reasonable circumstances, the provincial affordability payment would end and best efforts will be made to recover the provincial contributions paid during any period of non-compliance. In the event no proceeds were available, repayment would not be expected.
