4. Sub-Committees and Working Groups

4.1 (ADDED) Parks and Recreation Master Plan Working Group

That the Civic Administration BE ADVISED of the following comments from the Trees and Forests Advisory Committee with respect to the Parks and Recreation Master Plan:

- it should be ensured that trees continue to populate the City of London as it is "The Forest City" and more trees should be planted in shared recreation spaces;
- it is recommended that a shade policy be created as a task item and implemented under the Parks and Recreation Master Plan;

- selective tree species should be planted in parks and recreation areas to assist with safer shaded areas;
- older trees should be kept and maintained as much as possible and all trees should be properly maintained (watering, trimming, etc.);
- citizens of the City of London should be engaged with respect to what is being done to protect and encourage trees and forests in their area;
- tree-related communities (i.e., ReForest London) should be allowed to use parks and recreation facilities to hold events;
- the Parks and Recreation Master Plan should explicitly recognize the importance of park spaces play in the local environment and that park spaces should be designed in such a way as to enhance the environmental benefits they offer; and,
- it is recommended that a Naturalization Policy be included as a task item under the Parks and Recreation Master Plan.

4.2 (ADDED) Tree Protection By-law Working Group

That the Civic Administration BE ADVISED of the following comments of the Trees and Forests Advisory Committee with respect to the City of London Tree Protection By-law:

- there should be a standardized form as part of the application package for both the “Arborist Report” and the “Arborist Opinion”;
- the by-law should include a minimum canopy target of 51% of irreversible die back;
- the definition of “Pest” should be revised to include an infestation causing detrimental and irreversible damage to the direct health of a tree;
- the distinctive tree size should be reduced to 25 cm for a permit;
- the definition of “Replacement Tree” should be revised to clarify that “native” is required and that “shade” and “large growing tree” are synonymous;
- golf courses should be added to the exemption list in Section 5 of the by-law; and,
- wildlife values and interests within a tree should be considered more carefully with respect to provincial and federal Acts and Regulations and tied back to the by-law process to ensure a consistent approach;

it being noted that the attached communication from the Tree Protection By-law Working Group, with respect to this matter, was received.
