Subject: Request for delegation status for October 17th BNE Public Participation Meeting
Importance: High

To whom it may concern –

Please be advised, upon speaking with Emma Sims of Cohen Highley and Heather Chapman of COL, I wish to confirm that Farhi Holdings Corporation will have a delegation to comment regarding amendments proposed to the Sign and Canopy By-law, specific to Construction and Real Estate Advertising Signs. I was at the recent Build and Natural Environment committee meeting with Emma Sims, where we requested this public meeting.

I would appreciate your confirmation that our FHC delegation is accepted to attend on the 17th of October (please cc all who are cc'd herein). Please schedule our comments immediately before or after Emma's (which will be on behalf of LPMA). Thank you, and please advise.

Regards,
Gena
