

NOTICE OF STUDY COMPLETION
Adelaide Street North - Canadian Pacific Railway Grade Separation
Municipal Class Environmental Assessment Study

The City of London has completed a Municipal Class Environmental Assessment (Class EA) study for improvements to the Canadian Pacific Railway (CP) crossing of Adelaide Street North. This project is being carried out under the planning and design process for a Schedule 'C' project as outlined in the Municipal Engineers Association Municipal Class Environmental Assessment (October 2000, as amended in 2015).

The Class EA study included public and agency consultation, an evaluation of alternative solutions and designs, assessment of potential impacts, and identification of measures to mitigate adverse impacts. As part of the consultation process three public meetings were held (June 16 and December 14, 2016 and April 26, 2018) to provide information on the project and to receive public feedback.

Study Recommendations:

- A new underpass grade separation (road under rail) between Central Avenue and McMahan Street
- Central Avenue intersection improvements
- Pall Mall Street with right-in / right-out access, signalized pedestrian crossing at McMahan Street
- Enhanced streetscape design in the vicinity of the underpass, new McMahan Park entrance with relocation of park gates, new and enhanced active transportation facilities
- Temporary road detour on east side of Adelaide Street
- Provision of a new utility corridor and stormwater / groundwater management infrastructure

An Environmental Study Report (ESR) has been prepared to document the planning and decision-making process for this study.
