

To Whom it May Concern

This email is to request to be permitted to participate in the public meeting on October 1st at 7pm.

I was unable to locate any information regarding what information is required for this submission so I am including all of my personal & contact information. Hopefully this will suffice:

Michael Lewis  
10 Watson Street  
London Ontario  
N6c-1m9

If there is any further information required prior to the meeting please let me know and I will remit as soon as possible.

Also, if you could redirect me to any information regarding format, decorum, etc. for this style of city meeting it would be much appreciated as this is the first one I've found necessary to attend.

Sincerely  
Michael Lewis
