Mrs. Mercier.

Thank you for the acceptance to be on the CSCP Advisory Committee, however, I will not be able to fill the position at this time due to an employment opportunity in Toronto.

I believe CSCP plays an integral role in reducing crime in London and I regret not being able to take part in it, however, (as they say) when opportunity knocks... I wish the Committee all the best and if I move back to London in the future I will be sure to re-apply.
