

That Civic Administration be requested to have representative(s) of the Communication department attend the January or February meeting of ACE to review and demonstrate how the following environmental topics and city programs in relation to these topics is being communicated via the city website, as well as through other city communication vehicles.

- Pollinator Programs
- Urban Agriculture Strategy
- Resilience / Climate Change Preparation
- Toilets are Not Garbage Cans

noting that these are all topics ACE has had an interest in during it's term.
