**Importance:** High

Hi Heather,

Further to my firm's review of the Planning Department's Report to Council, which will be discussed at their Tuesday, October 30, 2012 meeting, it is still noted on page 15 that my firm represents Triune Investments. As noted in my initial email below and your subsequent response, my firm does not represent Triune Investments. This has been the case since approximately the Spring of 2010.

Could you please once again confirm that this error will be corrected?

Regards,

Sergio
