Subject: Noticed that the Civic Works Committee had as part of its agenda, only, Senior's bus ticket reduction in price...

Good Day Mr. Squire and all the councillors involved with the Civic Works Committee:

I want to try to impress on you, all, that as a longtime Senior bus taker - Bus Pass - it is very important to me that there be a Lower Priced Public Transit Bus Pass for Seniors and that it embody 2 things at once:

- 1) that there **be an overall price reduction** for a renewed category of Seniors' Bus Pass (and for Seniors' single or multiple ticket purchase as well);
- 2) that the Seniors' overall Public Transit price reduction be **based on Age alone** - not on either before or after income tax, income.

Linda Simpson.
