Hi Heather,

My name is Jeff House. I'm a resident at 453 Princess. I would just like to say I strongly support the development proposed for 591 Maitland by Jay and Renee Regehr. What they have proposed will add significant value to the area. The house they would like to tear down is an eye sore. Anything we can do to help make the area more attractive I am in full support of.

Best Regards,

Jeff
