

## Bird Friendly Development – Site Plan Control By-law Proposed Changes

### Amendments to the Site Plan Control By-law

- The City of London is considering changes to the Site Plan Control By-law to address Bird-Friendly development requirements.
- The changes proposed are specific to lighting and rely on changes to the existing site plan review process for implementation.
- The proposed changes were provided at the January 21, 2019 meeting of PEC and can be viewed online at [london.ca](http://london.ca) or by contacting the file planner.
- Please provide any comments to the file planner by April 18, 2019.

# LEARN MORE & PROVIDE INPUT

Please provide any comments by **April 18, 2019**
