Experience and Qualifications

If you have experience on a London Advisory Committee, please provide dates and details. (maximum 750 characters, attach an extra sheet if you need more space)

I have not yet had the opportunity to be apart of an advisory committee. I was appointed on to the Committee of Revision on December 18, 2018 to serve until November 15, 2022. I currently serve on the executive board of a London West EDA. I have over 20 years serving in a management role, and thrive in a team environment. I am a member of the Leadership team for my current employer, as well as creating and serving as the management representative on the JHSC. Western Continuing Studies courses/workshops including: Organization Behaviour, Leading Difficult Conversations, Developing and Leading Teams, The Leaders Role in Resolving Conflict.

What do you hope to contribute or learn as part of an Advisory Committee? (maximum 750 characters, attach an extra sheet if you need more space)

I believe that serving our community is important and it is a privilege to serve. I hope to be able to provide a voice for my community and magnify the barriers we face and support improvement initiatives. I believe my experience with active listening, team building, creative problem solving and critical thinking will benefit any committee I am fortunate enough to serve on. I also hope to learn more about everyday Londoners concerns and vision for where we as a city are moving towards. I enjoy passionate ideas that challenge my own deep-rooted values, I feel that it is important to work with diverse groups of people with different points of view, to root out the rhetoric and find common goals and values.

Application for Appointment to City of London Advisory Committees

How will you support the work of an Advisory Committee? (maximum 750 characters, attach an extra sheet if you need more space)

I will support by donating my time, experience and drive to help our community. I will bring a positive attitude, an open mind and a strong work ethic to help achieve our goals. I will strive to ensure all voices are heard, respected and the culture and environment is open, non-judgmental and encourages new ideas.

I will always try to achieve a consensus, but will also support initiatives that have proven value and are supported by the majority of committee members.

Please describe additional experience, training, or community involvement that will help you in your role as an Advisory Committee Member. (maximum 750 characters, attach an extra sheet if you need more space)

While I mentioned many qualifications in the first question, I will add that in the community I am a supporter of many of the initiatives covered by the advisory committees. I believe in safe accessible spaces for all ages and abilities, I use a multimodal approach to transportation, I am a father of 3 and understand the challenges with our child care, I believe we need to add to our cultural fabric while preserving/learning from our history and I believe in a clean, health environment.
