Experience and Qualifications

If you have experience on a London Advisory Committee, please provide dates and details. (maximum 750 characters, attach an extra sheet if you need more space)

I was accepted to the Town of Pelham Utility Sustainability Advisory Committee, however I withdrew my appointment so that I could move to London (Happily). I was never able to actually attend said Committee, but now that I am a permanent resident of London, I am eager to give back.

What do you hope to contribute or learn as part of an Advisory Committee? (maximum 750 characters, attach an extra sheet if you need more space)

I hope to contribute my experience in dealing with animals so as to help make London and safer place for all creatures. I hope to learn from other residents who have more local experience what the most pressing issues our creatures are facing. My whole goal is to help out as best I can.

How will you support the work of an Advisory Committee? (maximum 750 characters, attach an extra sheet if you need more space)

I will support the work of an Advisory Committee by contributing ideas, participating in open dialogue, and committing to the practices and procedures that are involved. I will strive to put the welfare of our creatures first and always be a positive force of the Committee.

Please describe additional experience, training, or community involvement that will help you in your role as an Advisory Committee Member. (maximum 750 characters, attach an extra sheet if you need more space)

I am a Red Seal Journeyman Plumber/Gasfitter. I recently started working full time at University Hospital. I am a very new resident of London. I consider myself fortunate to be a resident and I would love to give back to the community in any way that I can. I have a particular love of animals of all kinds, and seeing animals in a state of harm deeply saddens me.
