

**Adelaide Street North Municipal Class Environmental Assessment Study****Notice of Public Information Centre No. 2**

The City of London is undertaking a Municipal Class Environmental Assessment (EA) Study for the widening of Adelaide Street North according to the recommendations in the City's *Smart Moves Transportation Master Plan* (TMP). The study area includes Adelaide Street North from Fanshawe Park Road East to 350m north of Sunningdale Road East; including Sunningdale Road East from Blackwater Road to Stoney Creek Community Centre entrance. This project is being carried out under the planning and design process for a Schedule C project as outlined in the Municipal Engineers Association's *Municipal Class Environmental Assessment (October 2000, as amended in 2007, 2011 and 2015)*.

Public consultation is a key element of the EA planning process, and the second Public Information Centre (PIC) to share study details with the public is scheduled for:

Date: Wednesday, June 5, 2019

Time: 5:00 pm – 7:00 pm

Location: A. B. Lucas Secondary School
656 Tennent Avenue
London, ON, N5X 1L8

For those taking London Transit, local routes 16 and 40 are accessible by a short walking distance from the PIC venue.

The PIC will be held as a drop-in format, where attendees can freely browse the display boards, which will be used to present and obtain feedback on:

- The alternative design concepts and evaluation criteria;
- The preliminary preferred alternative design concept; and,
- Potential impacts and mitigation measures.

Following the PIC, in consideration of the comments received, the project team will confirm the preferred alternative design concept. Afterwards, an Environmental Study Report (ESR), which documents the EA process undertaken, will be compiled and made available for 30-day public review.

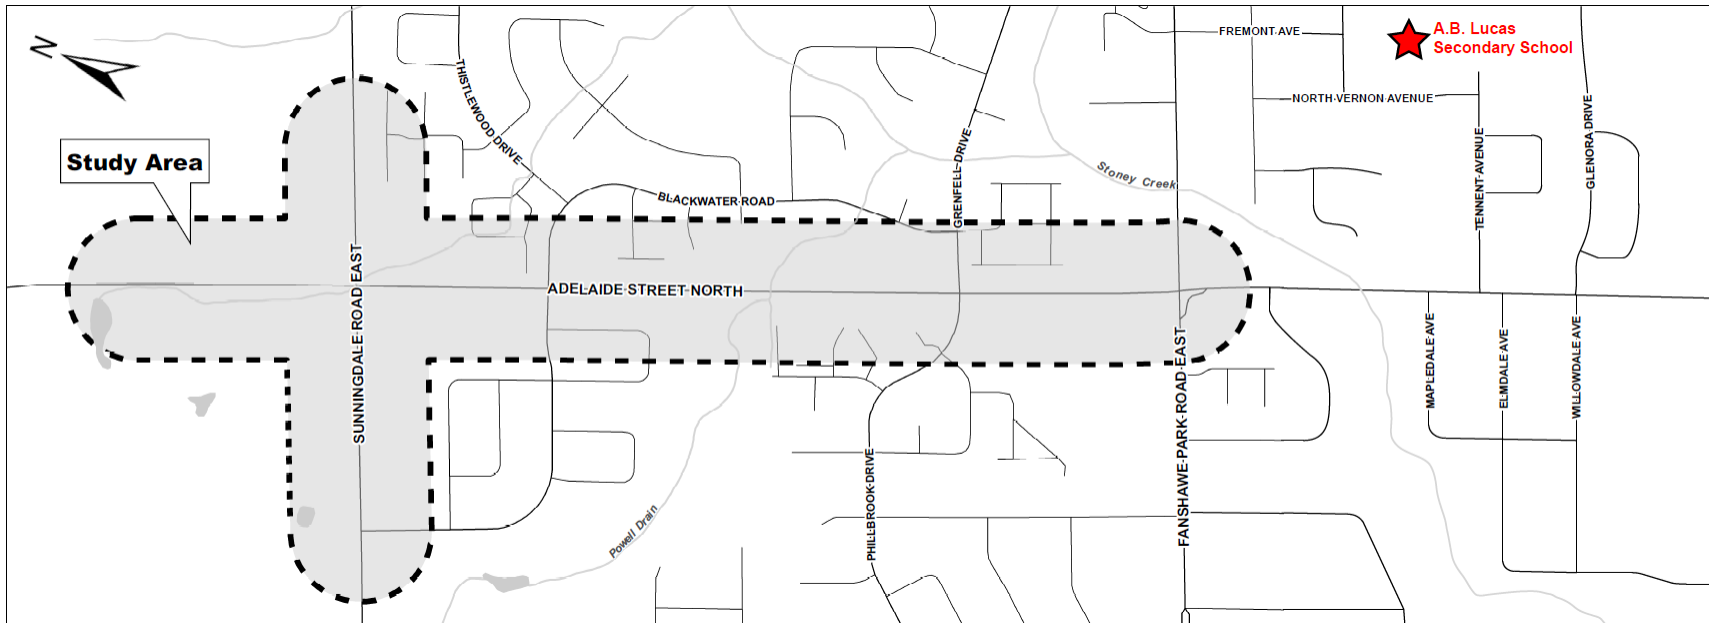

For more information, to provide comments, or to be added to the mailing list, please visit <http://www.london.ca/residents/environment/EAs/Pages/default.aspx> or contact:
