What do you hope to contribute or learn as part of an Advisory Committee? (maximum 750 characters, attach an extra sheet if you need more space)

As a member of LACT I would like to contribute my support for built and cultural heritage in the City of London. I would like to learn about the scope of influence LACT has and how to manage the development and infrastructure demands a growing City like London must contend with now, and in the future, in order to promote viable preservation.

## Application for Appointment to City of London Advisory Committees

How will you support the work of an Advisory Committee? (maximum 750 characters, attach an extra sheet if you need more space)

I would support the work of the Advisory Committee by attending all meetings, making agenda items known to all interested and possibly affected people in my personal and professional communities, reading all briefs and doing what's asked of each member in general!

Please describe additional experience, training, or community involvement that will help you in your role as an Advisory Committee Member. (maximum 750 characters, attach an extra sheet if you need more space)

I'm a founding member of the Blackfriars Neighbourhood Association, my husband and I own a 165 year old home on Wilson Avenue which we lovingly restore, I'm an interior designer with an obvious penchant for historical properties and I won an ACO-HELP award this year! I'm outgoing, relatively well spoken and keen to learn - I've been the Blackfriars Rep on the Urban League
