Re: Temporary Overnight Parking Pass for Visitors to London

I respectfully request that staff review the possibility of temporary overnight on street parking. Throughout the year London receives many visitors which run into problems due to our current overnight parking restrictions. I have attached for your review an Application for Temporary on-street permit parking which is used in Toronto as well as a Temporary Parking Permit.

These temporary permits are easily accessible (online), cost neutral (to the city) and promote a welcoming environment by allowing visitors to park in designated areas for up 48 hours. By implementing a similar system in London we would be encouraging cultural tourism and stimulating the local businesses communities.

Yours truly,

Judy Bryant
Councillor, Ward 13
