Subject: Membership on the ACCAC

I apologize for this, but I will be unable to continue on the ACCAC. I had thought that I could manage the time commitment, but as my job at 3M has changed, my responsibilities have increased and I can no longer find the time to attend the monthly committee meetings, nor would I be able to participate in a sub-committee. Without being able to attend, I don't feel I could be an effective committee member.

I realize this is not ideal, but feel you need to open my space to another potential member.

Thanks very much for inviting me to participate.
