

NOTICE OF STUDY COMPLETION MUNICIPALITY OF THAMES CENTRE WATER AND WASTEWATER MASTER PLAN UPDATE

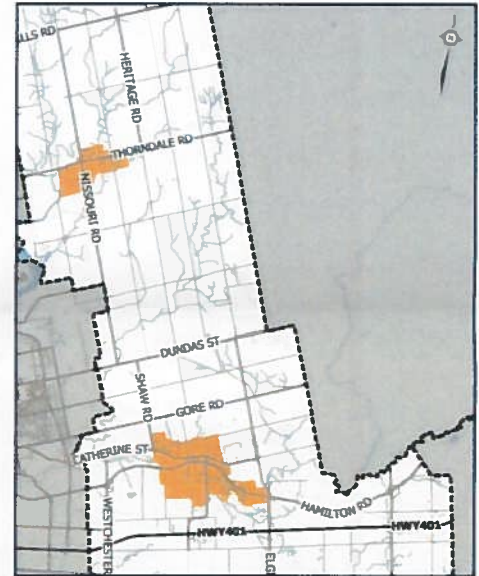

What is this study all about?

The Municipality of Thames Centre is completing the Water and Wastewater Master Plan Update. This update aims to develop and evaluate water and wastewater servicing strategies to meet potential population and employment growth within the Dorchester and Thorndale communities. This is a critical component in the integrated planning process and provides the framework and vision for the water and wastewater servicing needs for Thames Centre.

How was this study undertaken?

This study was undertaken in accordance with Approach 1 of the Master Planning process as set out in the Municipal Class Environmental Assessment (EA) (October 2000, as amended in 2007, 2011 and 2015), which is an approved process under the Ontario Environmental Assessment Act. This approach involves the preparation of a master plan document at the conclusion of Phases 1 and 2 of the Class EA process.

A copy of the final report is available for public review at the Municipality of Thames Centre (4305 Hamilton Road, Dorchester Ontario, N0G 1G3) during regular business hours for a period of 30 calendar days, starting September 6, 2019.

How can I participate?

During the 30-day public review period, the public is encouraged to read the final report and provide comments to the study's Project Managers at the addresses provided below:

Carlos Reyes, CISEC, P.Eng.
Director of Environmental Services
Municipality of Thames Centre
4305 Hamilton Road, Dorchester ON N0G 1G3
519-268-7334, ext. 245
creyes@thamescentre.on.ca

Julien Bell, P.Eng.
Consultant Project Manager
GM BluePlan Engineering Limited
330 Trillium Drive, Unit D, Kitchener, ON N2E 3J2
519-748-1440
julien.bell@gmblueplan.ca

If, after consulting with the Project Managers, you have significant unresolved concerns with the study, you have the right to make a request to the Ministry of the Environment, Conservation and Parks. The required form can be found on the Forms Repository website (<http://www.forms.ssb.gov.on.ca/>) by searching "Part II Order". Once complete, the form is then to be sent to both the Minister and Director of the Environmental Assessment and Permissions Branch at the addresses listed below:

Minister
Ministry of the Environment, Conservation and
Parks
777 Bay Street, 5th Floor
Toronto, ON M7A 2T5
minister.mecp@ontario.ca

Director
Environmental Assessment and Permissions Branch
Ministry of the Environment, Conservation and Parks
135 St. Clair Avenue West, 1st Floor
Toronto, ON M4V 1P5
enviopermissions@ontario.ca

If there are no outstanding concerns after the end of the public review period, the study will be considered to have met the requirements of the Municipal Class EA, and the project may proceed to implementation.

With the exception of personal information, all comments received during the Class EA process will become part of the public record of the study.
