Cycling Advisory Committee Work Plan – 2019

Updated 2019-05-07

Opuate	ed 2019-05-07 Activity	Background	Responsibility	Proposed	Proposed	Cycling Master Plan	Link to Strategic Plan	Status
	riouvity	Daonground	recoponicionity	Timeline	Budget	Alignment	Link to Otratogio i ian	Gialas
CAC 18.1	Assist the City in enhancing cycling connections throughout the City to the Provincial cycling network.	Cycling Master Plan, EA input		CMP does not ID a Timeline		Action #3 Identifying Touring Loop Routes	CITY BUILDING POLICIES Elevate London's Profile as a Regional Cultural Centre 534 Advance the eco-tourism, agri-tourism, and cultural tourism opportunities available in the city and support linkage likes to surrounding regional cultural facilities. OUR STRATEGY 60 Direction #6 10. As opportunities arise, utilize rail corridors as mobility links for transit, cycling, and walking.	Discussion with St.Thomas and Elgin county are currently on hold pending completion of a rail segment. Update:The cycling master plan identifies this route as a desired line. The Cycling Master Plan doesn't identify a timeline. This would be through Parks Planning, as the cycling facility is a multi-use path.
CAC 18.3	Provide recommendations for better integration of the recreational and commuter cycling networks	Dundas/Queens couplet		Ongoing Q3-2019				Ongoing. Update:Currently the Dundas section from Adelaide to Ontario is in design. Can present Q3 2019. The remaining links to the east-west bikeway are planned for design in 2020.
CAC 18.10	Education	Promotion of user friendly version of Cycling Master Plan		Ongoing 2019				No update since first mentioned
CAC 18.11	Education		Environmental Programs: Jay Stanford CAC Fanshawe Wil Pol	Q2-2019				Expected by June 2019

	enforcement	Multiple requests to council recommending 14 and over cycling on sidewalks indicating a need for a campaign	Programs: Jay Stanford and Allison Miller	Q2-2019	Action #5 Identifying & Implementing CAN-Bike Program Action #11 Enhancing Enforcement	Related: Enviro Programs and CAN- Bike developed promotion material geared to seniors Planned sessions geared to adults in May and during London Celebrates Cycling
CAC 19.1	and Queens couplet before and after count data	Re: CAC cordon counts for the couplet, here's the type of research questions that I think about: • How is progress in our community's bike network measured? • What are the biggest challenges facing collection and communication of bike data? • What role does count data play in realizing and supporting this project?	Environmental Programs: Jay Stanford Rebecca Henderson Peter Kavcic	Q3-2019		Recommended a fall cordon count to compare for 2020 couplet work. If we can answer these questions at CAC, we'll know whether to recommend cordon counts in our work plan CAC requests city to formalize schedule for a Fall '19 cordon count
CAC 19.2	,	Provide an official recommendation to City Staff	CAC WG Peter Kavcic	Q3-2019		Council endorsed plan already. Next steps for committee are to provide feedback when staff come forward with design and presentation. Next step: expecting to review Adeliade to Ontario St
