Corporate Services Committee

I am concerned about the number of emails Councillors are receiving from the public regarding their refusal to accept a zero percent tax increase and are prepared to pay the City of London extra monies. I have checked with Finance regarding charitable offerings such that any individual donating monies to the City of London would receive a charitable tax receipt for tax purposes (individual or corporate). The following item attached (or version of) is requested to be added to all future tax notices sent to the public in London.

Thank you,

Dale G. Henderson, P.Eng.
City of London
Councillor Ward 9
