Planning Policies

Any change to the Zoning By-law must conform to the policies of the Official Plan, London's long-range planning document. These lands are currently designated as Agriculture and Environmental Review in the Official Plan, which permits agricultural uses such as the cultivation of land and livestock operations as the main uses, though also contemplates existing residential uses.

The subject lands are in the Farmland and Green Space Place Types in *The London Plan*, permitting a range of agricultural and recreational uses associated with the passive enjoyment of natural features, but also allows for residential dwellings on existing lots of record.
