- December 12, 2017 "Emergency Management Program Update"
- December 10, 2018 "Emergency Management Program Update"

<b>BACKGROUND</b>
-------------------

The Emergency Management and Civil Protection Act requires municipalities to have an Emergency Management Program and provisions to prevent and manage an emergency within our community. This report is submitted to seek Council approval to repeal the existing London Emergency Response Plan Bylaw A.-7495-21 and replace it with a new bylaw as required under the Act. A status update on the Emergency Management Program is also provided.

**PROGRAM UPDATE**

**LONDON EMERGENCY RESPONSE PLAN**

The London Emergency Response Plan is required pursuant to legislation. The plan outlines the roles and responsibilities of community partners in the management of a major emergency. The Emergency Management and Civil Protection Act requires that the plan be reviewed, updated and approved by by-law annually.

For 2019, amendments to the London Emergency Response Plan include the following:

- Changes in titles to reflect current organizational structure; and,
- References to terminology related to Incident Management System.

The Corporation continues to meet or exceed the provincially legislated requirements under the Emergency Management and Civil Protection Act and Regulations, and has undertaken many recommended practices. These efforts have been completed in conjunction with the Community Emergency Management Program Committee (CEMPC) and include the following members:

- London Police Services, Chief of Police, Deputy or designate;
- London Fire Department, Fire Chief, Deputy or designate;
- Engineering and Environmental Services (roads and water representatives);
- Social Services representative;
- Middlesex-London Health Unit, Emergency Manager;
- Middlesex-London Paramedic Services (EMS), Chief, Deputy;
- Corp. Communications, Director, EIO or designate;
- Corporate Security and Emergency Management, CEMC or Alternate;
- London Health Sciences Centre representative;
- St. Joseph's Health Care – London representative;
- London Hydro representative;
- London Transit representative;
- Information Technology Services representative;
- Middlesex County representative; and,
- Corporate Security and Emergency Management.

## EMERGENCY PUBLIC NOTIFICATION SYSTEM

The Alert London Program was launched in 2017 as part of Emergency Preparedness Week. This program allows us to provide notifications and information to the public in relation to pending or active emergency situations. The program provides information to residents in a variety of formats and allows for self-registration by the public if they prefer a specific type of notification. In addition, this program is used by many key partners to do staff notifications and call outs. During emergency preparedness week, May 9<sup>th</sup>, the Alert London Notification system was tested notifying over 90,330 contacts with 96.5% notifications being successful.

## BUSINESS CONTINUITY

Corporate Security and Emergency Management Division, with the assistance of a Vendor, provided Divisional Business Continuity Leads with a half-day session on how to complete Business Continuity Worksheets. These Worksheets are the second step in the Business Continuity Program, with the first step being the completion of Divisional Business Impact Analysis (completed in 2017). Corporate Security and Emergency Management has also developed a Master Business Impact Analysis, which can be utilised during an event to identify priority programs providing support to the City and the community.

## EMERGENCY OPERATIONS AND TRAINING CENTRE

The Emergency Operations and Training Centre at #12 Fire Station in Byron continues to be a hub of activity for training, formal courses and exercises. The facility is maintained in a constant state of readiness, through testing and maintaining the equipment and technology. An interoperability exercise is conducted every Spring to exercise the operational capability with first responders. Staff at the centre also provide customer service to other staff and partner agencies who utilize it as a training centre on a regular basis.

## EMERGENCY PREPAREDNESS WEEK

A Media Conference with the Mayor was held on Monday, May 6, 2019 to open the week's activities at the Emergency Operations Centre. Several displays and presentations were made throughout the week at community centres and libraries across the City. In addition, a workshop was held by Union Gas (Enbridge) PACE training for all first responder agencies and city service areas. We also hosted the Environment Canada severe weather training for partner agencies and the public. Emergency Preparedness Week partnered with the City Community Safety and Crime Prevention Week activities. A community open house was held on Saturday May 11<sup>th</sup> at the Emergency Operations and Training Centre. It attracted hundreds of Londoners to see the centre, emergency response vehicles and displays, and learn how to be better prepared in the event of an emergency. This event was partnered with 14 other local community agencies.

## TRAINING AND COURSES

The City of London continues to offer a full curriculum of courses to our municipal partners, community agencies, non-government organizations and the public. Training is focused on the Incident Management System, Incident Command, EOC Operations, and Reception/Evacuation Centre Management. A full day of training and exercise was held on November 14, 2019 at the Emergency Operations and Training Centre. This year we partnered with municipal, provincial and federal partners in a province wide event. Areas of focus during the exercise included operational and communications decisions in a multi-jurisdictional event. Over 1000 individuals participated in our training and exercise events this year.

## PUBLIC AWARENESS AND EDUCATION

Emergency Management staff continue to work with interested organizations to provide outreach on emergency preparedness and London's Emergency Management Program. This year emergency management staff provided several workshops, presentations and displays with community groups, faith based organizations, and at community events. In addition, through partnership with London Public Library, Church groups, Alzheimer's Society memory café and workshops were held at several branches to educate the public on preparing for and responding to emergency situations.

## PARTNERSHIPS

Emergency Management staff continues to maintain partnerships and explore opportunities with numerous community agencies, departments and organizations in our effort to be amongst the best prepared municipalities. Staff actively collaborated with other emergency management organizations through a number of avenues including:

- Office of the Fire Marshal and Emergency Management - Sector meetings;
- Fire Chiefs mutual aid;
- Sun-Canadian Pipeline;
- Provincial Emergency Management Coordinating Committee;
- Regional and Single Tier Community Emergency Coordinators Committee;
- Fanshawe College, Emergency Management and Communications Programs;
- Royal Roads University, Disaster and Emergency Management;
- Ivey Business School at Western University;
- London International Airport;
- Ontario Provincial Police Ground SAR Program;
- Royal Canadian Mounted Police, O Division;
- Canadian Security Intelligence Service,
- Ontario Municipal Business Continuity Network;
- Ontario Association of Emergency Managers; and,
- International Association of Emergency Managers.

## ACTIVATION OF THE EOC

This year there were three activations of the Emergency Operations Centre, two of the activations were in relation to planned events and one activation was in relation to an unplanned event.

- JUNOs and St. Patricks Day, 17 March 2019;
- Woodman Ave, Explosion; 14,15,16,17 August 2019; and,
- Broughdale Ave, non-sanctioned street event; 28 September 2019.

The largest activation was in relation to the natural gas explosion that occurred in August 2019. This was a significant event that resulted in an activation over several days. The event was well managed thanks to the extraordinary efforts of our first responders, City staff, community agencies, and members of our community who stepped up to assist those affected by the explosion. This event reinforces the importance of preparedness and community engagement that has formed the basis of our program for many years.

In addition, an emergency reception centre was activated on eight occasions in 2019 in response to a variety of incidents that occurred in multi-tenant buildings in the city. The incidents included fires and building structural integrity issues due to water damage from broken pipes. These evacuations were of varied duration with members of the public being assisted for one day to over a week.

<b>CONCLUSION</b>
-------------------

The Emergency Management Division continues to strive toward making London one of the best prepared communities. The City continues to meet and exceed current legislative requirements as well as prepare for potential changes in standards currently being considered. There is strong support from emergency management partners across the community and our accomplishments to date could not have been completed without the commitment and expertise of these partners. We will continue to build our program in accordance with best practises and teamwork.

# **1.0 INTRODUCTION**

## **1.1 DEFINITION OF AN EMERGENCY**

The Provincial *Emergency Management and Civil Protection Act* defines an emergency as:

*“An emergency means a situation or an impending situation that constitutes a danger of major proportions that could result in serious harm to persons or substantial damage to property and that is caused by the forces of nature, a disease or other health risk, an accident or an act whether intentional or otherwise.”*

These situations could threaten public safety, public health, the environment, property, critical infrastructure or economic stability. In order to protect residents, businesses and visitors, the City of London supports a coordinated emergency response by various agencies under the direction of the Municipal Emergency Control Group (Emergency Operations Centre Policy Group). These are distinct arrangements and extraordinary procedures from the normal core services normally delivered by the emergency services.

The City of London Corporate Security and Emergency Management Division in conjunction with the Community Emergency Management Program Committee developed this emergency response plan to ensure that all Civic Departments, Service Areas, Boards, Commissions and Municipal Council are prepared to carry out assigned responsibilities in the event of an emergency situation.

The *Emergency Management and Civil Protection Act* requires that the Emergency Response Plan be a risk-based plan, developed and maintained to respond to an emergency. This includes steps to guide the response effort, identify persons, equipment and resources for activation in an emergency and outline how they will be coordinated.

In addition, it is important that residents, businesses and interested visitors be aware of the Emergency Response Plan and its provisions. Copies of the City of London Emergency Response Plan may be viewed on the City of London web site [www.london.ca/emergency](http://www.london.ca/emergency) and are available through the Emergency Management Office.

## **1.2 AIM**

The aim of this plan is to make provision for the extraordinary arrangements and measures that may be required to safeguard property, the environment and the health, safety and welfare of the residents, businesses and visitors of the City of London when faced with an emergency. The response plan enables a centralized controlled and coordinated response to emergencies in the City of London and meets the legislative requirements of the Emergency Management and Civil Protection Act.

## **1.3 AUTHORITY**

The legal authority for London’s Emergency Response Plan is the Provincial Emergency Management and Civil Protection Act, RSO 1990 Chapter E-9. In accordance with the Emergency Management and Civil Protection Act, the following actions were taken with respect to London’s Emergency Response Plan:

- Issued under authority by City of London By-law
- Filed with Office of the Fire Marshal and Emergency Management, Ministry of the Solicitor General; and
- For the purposes of the Act and Regulations, London's Municipal Emergency Control Group (MECG) shall be referred to in this plan as the Emergency Operations Centre Policy Group.

## **1.4 EMERGENCY RESPONSE**

Emergency action will include the earliest possible recognition of and response to the situation by all services; the earliest possible establishment of overall control of emergency operations by municipal authorities; the provision of essential aid and assistance for persons affected by the emergency; the recording of decisions taken by Municipal authorities and of costs incurred in relation to the emergency; and the timely distribution of information on the emergency to all services, to the public, the media and senior governments.

When an incident or an emergency can be handled by emergency services in the normal course of routine operations, they are authorized to carry out their respective duties and this plan does not take effect.

When an emergency exists but has not yet been declared, actions may be taken under this emergency response plan as required to protect life, property, environment and the health, safety and welfare of the citizens of the City of London.

When an emergency exists as defined by the act or determined by an emergency service that has major impact on the municipality or the health, safety and welfare of the citizens, the City of London Emergency Operations Centre Policy Group shall be notified of the incident.

## **1.5 LEVELS OF EMERGENCIES**

Emergency levels are defined based on the impact in the following areas:

- Evacuation;
- Impact on infrastructure;
- Threat to/loss of life;
- Impact on essential services;
- Emergency service response; and
- Declared emergency.

It should be noted that, while this plan sets out procedures for major emergencies and disasters, responsibilities outlined in Section 5 are applicable for all levels of emergencies, and whether the EOC Policy Group is convened or not.

There are three levels of emergencies:

### **1.5.1 LEVEL ONE**

#### Criteria:

- Evacuation - large scale evacuation;

- Impact on Infrastructure - all or most roads closed/loss of major municipal facilities, reducing or eliminating essential service;
- Threat to/Loss of Life - major loss of life or threat to a large number of people;
- Emergency Service Response - all or most emergency services involved, impact on coverage;
- Incident Management System used at the site;
- Emergency Operations Centre - activated and/or Policy Group convened; and
- EOC - Full Activation.

### **1.5.2 LEVEL TWO**

Criteria:

- Localized Evacuation - of an area requiring a reception centre or other extra-ordinary measures;
- Impact on Infrastructure - major roadway or facility impacted;
- Disruption to business or industry;
- Threat to/Loss of Life - loss of life is minimal or non-existent. Threat to public may be substantial;
- Emergency Service Response - may or may not affect all essential services, activation of the Operations Section, EIO, etc. (example severe storm);
- Policy Group members may be advised of the incident but not convened; and
- EOC - Enhanced Activation.

### **1.5.3 LEVEL THREE**

Criteria:

- Limited Evacuation - small number of people and for short duration;
- Impact on Infrastructure - secondary roadway closed for short duration;
- Threat to/Loss of Life - threat or loss of life is minimal;
- Emergency Service Response - limited to one or two agencies with short duration response; and
- EOC – Monitoring Activation.

## **1.6 EXERCISING THE PLAN**

The ability to respond under emergency conditions must be assessed under non-emergency conditions. The efficacy of this Plan will be tested as follows:

- Annual testing in accordance with the Emergency Management and Civil Protection Act regulations; and
- A notification exercise to test the alerting network will be conducted as required.

## **1.7 REVIEW AND AMENDMENT**

This Plan will be maintained by the Corporate Security and Emergency Management Division. It will be reviewed annually by members of the Community Emergency Management Program Committee. Normal administrative changes will be updated as part of the annual review. Changes

that directly impact on the viability of the plan shall be brought to the attention of the City Manager and/or the Senior Leadership Team.

## **2.0 DECLARATION / TERMINATION OF AN EMERGENCY**

### **2.1 DECLARATION OF AN EMERGENCY**

Where serious and extensive steps to protect property and the health, safety and welfare of the public are deemed necessary in managing the emergency, the Mayor, on the advice of the EOC Policy Group, may declare that an emergency exists under the provisions of Section 4 of the Emergency Management and Civil Protection Act, R.S.O. 1990 and may designate an area within the City of London as an "Emergency Area."

Upon declaring an emergency, the Mayor may authorize notification to any of the following:

- Office of the Fire Marshal and Emergency Management, Ministry of the Solicitor General;
- Members of City Council;
- Neighbouring Community Emergency Management Coordinators, as appropriate;
- The Public;
- Neighbouring community officials, as appropriate;
- Local Members of Provincial Parliament (MPP); and
- Local Members of Parliament (MP).

The Mayor (or Designate) will authorize notification to the Solicitor General as mandated under the Emergency Management and Civil Protection Act.

Under such a declaration, the Mayor may authorize any of the following actions:

- Evacuation of buildings within the vicinity considered dangerous to occupants;
- Dispersal of persons judged to be in danger or whose presence hinders emergency operations;
- Discontinuation of any service without reference to other consumers where continuation of service constitutes a hazard within the emergency area;
- Provision of shelter as required and available for residents of the emergency area in need of assistance due to conditions of the emergency;
- Deployment of Municipal personnel and equipment;
- Request assistance from volunteers and other agencies not under Municipal control such as St. John Ambulance, the Salvation Army, Canadian Red Cross, Amateur Radio Emergency Service, Intercommunity Health Care, Community Foundation, snowmobile clubs, local industry; and
- Request assistance from the County of Middlesex and its Constituent Municipalities.

## **2.2 REQUESTS FOR ASSISTANCE**

Assistance may be requested by the City in a declared emergency when needed, under the following guidelines:

- The assistance of Federal and Provincial Ministries may be requested via Office of the Fire Marshal and Emergency Management through the Community Emergency Management Coordinator; and
- Assistance from other municipalities may be requested through the respective head of council and/or through senior staff.

The City Clerk (Planning Section) will maintain a record of requests made for Municipal, Provincial or Federal Government assistance in the emergency.

Direction and control of emergency operations will rest with Municipal authorities except where the Provincial or the Federal Government assumes control.

## **2.3 TERMINATION OF AN EMERGENCY**

A community emergency may be terminated at any time by:

- Mayor or Acting Mayor; or
- City Council; or
- Premier of Ontario.

When terminating an emergency, the Mayor may authorize notification to:

- Office of the Fire Marshal and Emergency Management, Ministry of the Solicitor General;
- Members of City Council;
- County Officials, as appropriate;
- Members of the Media;

- Public;
- Neighbouring community officials, as required;
- Local Members of Provincial Parliament; and
- Local Members of Parliament.

## **2.4 RECOVERY AND RESTORATION OF SERVICES**

### EOC Policy Group

The Policy Group will direct responsibilities for the recovery and restoration of services, the orderly and safe return of citizens to their homes and the clean-up following an emergency situation.

The Managing Director, Environmental and Engineering Services and City Engineer (or designate) will be responsible to coordinate this phase of the emergency with support and advice from other agencies as required. Where a spill of hazardous material is involved, the responsibility of the consignor or owner of the material will be considered.

Inspection of dwellings and buildings to ensure safe occupation will also be organized by the Managing Director, Development and Compliance Services and Chief Building Official with inspection assistance being provided by the Fire Department, London Hydro, Electrical Safety Authority, Middlesex-London Health Unit, and other agencies as required.

### Communications

The Director of Communications acting as the Emergency Information Officer will work with the EOC Policy Group to arrange for the prompt release of information and direction to the public through the media concerning clean-up operations and the occupation of dwellings and buildings. This includes the use of the Public Inquiry Centre to assist with public inquiries.

## **3.0 NOTIFICATION AND ACTIVATION**

### **3.1 NOTIFICATION OF AN EMERGENCY**

Emergency Services personnel are typically first on the scene mitigating the incident during any emergency. When the Police, Fire, EMS, or Engineering Supervisor at the site considers the situation or potential situation beyond the capability of the emergency service to manage or support without outside assistance, he/she will so advise the Chief of Police, the Fire Chief, EMS Chief or the Managing Director of Environmental and Engineering Services and City Engineer respectively.

The following EOC Policy Group members (or their alternates), in consultation with the Community Emergency Management Coordinator, will decide if the situation calls for assembly of the EOC Policy Group:

- Chief of Police;
- Fire Chief;

- Paramedic Services (EMS) Chief;
- City Manager, Deputy City Manager;
- Managing Director, Environmental and Engineering Services and City Engineer;
- Community Emergency Management Coordinator;
- Medical Officer of Health;
- Managing Director, Neighbourhood, Children and Fire Services (Emergency Social Services); and
- Chief Executive Officer, London Hydro.

Based on the scope of the emergency they will determine what EOC members, advisors and support staff are required and if so, will request their attendance through the Community Emergency Management Coordinator.

## **3.2 POLICY GROUP OPERATIONS**

### **Emergency Operations Centre (EOC)**

Corporate Security and Emergency Management Division will maintain the Emergency Operations Centre in a state of readiness. This facility is located at the #12 Fire Station in Byron. This is the location where the EOC Policy Group would convene. This centre may be activated at other times to monitor situations that may escalate or for coordination of planned events.

This facilities main role is to support the Incident Commander and assist in ensuring service levels to other parts of the Community.

The EOC consists of a number of rooms:

- **OPERATIONS ROOM** – A large room where operational, planning, logistics, finances/administration is monitored. Information is gathered, collated, evaluated and disseminated in order to provide situation, status reports and EOC action plans to the EOC Policy Group.
- **POLICY ROOM** – Adjoining the Operations Room, a boardroom that allows the Mayor and City Manager to obtain updates from the EOC Director. The City Manager (Policy Group Chair) determines the membership of the Policy Group, normally senior representatives of the key agencies/departments. The EOC Director is appointed by Policy Group to provide leadership in the Operations Room and consolidate information to provide situation reports and upcoming priorities to the Policy Group. This room can also be used by the Operations Section or EOC Director for Section meetings, while the Policy Group is not in session.
- **BREAK-OUT ROOM** – A smaller meeting room is available for working group or separate task-based discussions.
- **ADMINISTRATIVE AREAS** – Access control and the Amateur Radio station are housed in the front administrative area. The Manager's Office can also be used as a breakout room.
- **COMMUNITY ROOM** – A segregated room at the rear of the building can be setup to house the Public Inquiry Centre.

## **Operating Cycle**

Members of the Policy Group will meet at regular intervals to receive situation reports from the EOC Director, The Policy Group Chair will establish the frequency of meetings based on discussions with the EOC Director and the Emergency Site - Incident Commander. Meetings will be kept as brief as possible allowing members to carry out their individual responsibilities. A display board identifying the status of actions will be maintained and prominently displayed in the Operations Room.

The City Manager will chair operating sessions of the Policy Group. The Policy Group will consider strategic decisions and will break to permit members to consult the Operations Room staff, help develop action plans, continuity of government, business continuity and contact others as necessary.

The intent of these conference sessions is to provide an uninterrupted forum for the Policy Group members to update one another and to recommend necessary actions to be taken. The Mayor will join conference sessions when available and confirm extra-ordinary decisions recommended by the Policy Group.

The Policy Group will require support staff to assist and to record key decisions. The CEMC will provide a Scribe to the Policy Group. Members will require staff at the EOC to handle communications to and from their department or agency to the emergency site. It is the responsibility of all members to notify their staff and associated volunteer organizations.

## **EOC Meeting Cycle**

Members of the EOC IMS team will work in their functional sections; EOC Management, Operations, Planning, Logistics and Finance/Administration. The sections will work during an operational period and develop an EOC action planning process:

- Understand Current Situation and build situational awareness;
- Identify Objectives and priorities;
- Develop the EOC Action Plan;
- Obtain Approvals and distribute EOC action plan; and
- Review and Monitor Progress.

## **3.3 SUPPLEMENTARY PLANS**

Separate emergency plans (Annex's or Appendices) are maintained by Service Areas, Boards and Commissions to respond to specific emergency situations. One copy of each such plan should be available in the Emergency Operations Centre and be updated annually by the responsible agency. Copies should also be filed with the Community Emergency Management Coordinator.

## **4.0 EOC POLICY GROUP**

The Emergency Operations Centre Policy Group is responsible for providing immediate and continuing interchange of information, assessment and planning among the officials responsible for emergency operations. Each member will have identified designate(s) to act on their behalf when they are not available. The EOC Policy Group could consist of two groups of officials (depending on the situation) to build the EOC Policy Group:

## **4.1 EOC POLICY GROUP MEMBERSHIP**

The Membership of the EOC Policy Group will be comprised of the following officials:

- Mayor, or Deputy Mayor;
- City Manager, Deputy City Manager or Alternate;
- City Clerk, Deputy City Clerk or Alternate;
- Chief of Police, or Deputies;
- Fire Chief, or Deputies;
- Managing Director, Environmental and Engineering Services and City Engineer, or Alternate;
- Managing Director, of Neighbourhood, Children and Fire Services and/or Managing Director Housing and Social Services and/or Managing Director, Parks and Recreation or Alternates;
- Medical Officer of Health, or Associate MOH;
- Middlesex-London Paramedic Services Chief, or Deputies;
- Director of Strategic Communications, Government Relations, Community Engagement or Manager;
- Community Emergency Management Coordinator, or Alternate;
- Hospital(s) Representative or Alternate;
- Chief Executive Officer, London Hydro or Alternate; and
- General Manager, London Transit or Alternate.

Note: in the absence of the primary member the alternate or designate will fulfil their role.

## **4.2 EOC ADVISORS**

The EOC Staffing can be comprised of any or all of the following officials:

- Director Human Resources;
- Managing Director, Development and Compliance Services, and Chief Building Official;
- Managing Director, Corporate Services, City Treasurer and Chief Financial Officer;
- Director, Information Technology Services;

### 4.3 THE INCIDENT COMMANDER

The City of London has utilized standard Emergency Management protocols for many years. The City of London has adopted the Provincial model, using “best practices” the Incident Management System (IMS). In a Complex Incident one agency takes the lead role as Incident Commander (IC) or Unified Command. The IC provides coordination and leadership at the site/scene using the IMS model. This person is normally drawn from the lead agency and other leaders take over directing the operations section. This approach has been advocated in both federal and provincial levels.

#### INCIDENT COMMANDER

The Incident Commander (IC) is appointed by those response agencies on site. He/she will usually be from the lead agency (jurisdiction) involved in the specific type of emergency. For example, in a fire incident, an IC from the Fire Department would be appointed. Another officer from the Fire Department would then assume responsibility for fire ground operations. In a criminal incident, the IC would most probably be from London Police.

However, the collaborative decision on which person is most appropriate is based on the Knowledge, Skills and Abilities of the on-scene personnel.

This appointment would be amended or confirmed by the EOC Policy Group if activated. This appointment may be reassessed or transferred as the incident moves from response to recovery.

### COMMAND STAFF

It may be necessary for the Incident Commander (IC) to designate a Command Staff who will provide information, liaison and safety services for the entire organization at the site, they report directly to the IC.

#### EMERGENCY INFORMATION OFFICER

This person develops and releases information about the incident to the news media, incident personnel, city administrative and political leaders, and other appropriate agencies and organizations. He/she supports the IC with media interviews and works with other involved communications personnel to ensure consistent, accurate and timely communications.

#### SAFETY OFFICER

The Safety Officer is tasked with creating systems and procedures for the overall health and safety of all responders.

#### LIAISON OFFICER

The Liaison Officer serves as the primary contact for organizations cooperating with or supporting the incident response.

### GENERAL STAFF

#### OPERATIONS SECTION

The Operations Section implements the incident action plan and is responsible for developing and managing the first responders to accomplish incident objectives set by the Incident Commander. Operations organize, assigns and supervises all resources assigned to an incident including the staging area. It works closely with other members of the Command and General Staff to assign resources from the following agencies:

London Fire Department;  
London Police Service;  
London - Middlesex Paramedic Service (EMS);  
Environmental and Engineering Services;  
London Transit;  
London Hydro; and  
Other Agencies.

#### PLANNING SECTION

The Planning Section at the site develops the Incident Action Plan. It collects, evaluates, analyzes and disseminates emergency information. The planning process includes preparing and documenting the Incident Action Plan and conducts long range contingency planning.

## LOGISTICS SECTION

The Logistics Section coordinates the provision of all resources assigned to the incident. It obtains, maintains and accounts for essential personnel, equipment and supplies.

## FINANCE / ADMINISTRATION SECTION

The Finance/Administration Section provides financial and cost analysis support to an incident.

## RADIO COMMUNICATIONS

Services likely to be at an emergency site include Police Services, Fire Department, Middlesex-London Paramedic Service (EMS), Environmental and Engineering Services (EES), London Hydro and London Transit personnel. They will make every effort to ensure there is an efficient means of communication in place, both to and from the Incident Commander between emergency service groups.

A clear communications link must be established between the Incident Commander and the EOC. This is done using LCOM1 or LIMS 1, the 800 Mhz. common channels. This talkgroup is to communicate key information relative to Command decisions. Each Agency utilizes their own operational channels/tacs to relay information within their own organization

Communications relating to operational decisions should utilize individual agency channels or talk groups to communicate with staff in the Emergency Operations Centre. Agencies must have access to both radios.

## 4.4 RESPONSIBILITIES OF THE INCIDENT COMMANDER

Coordination by all resources at the emergency site is important to an effective response. The Senior Fire, Police, EMS Supervisor in conjunction with the EES Supervisor (when applicable) on site will agree who should act as the initial Incident Commander (IC) depending on the nature of the emergency and will advise the Fire Chief and/or Chief of Police, Paramedic Chief respectively.

An on-site "Incident Command Post" will be established by the IC as soon as practical, to bring together supervisors of all emergency services operating at the scene for the purposes of coordinated action. It may also be necessary to establish a resource staging area so that outside resources have a definitive assembling/marshalling point. It will also be necessary to establish an area close, yet in safe proximity, to the emergency site for the media to assemble. The location should be easily identified, and located in proximity to the on-scene Incident Command Post.

The Incident Commander, in liaison with the Senior Fire, Police, Paramedic, EES and other officials on site, is responsible to:

- Implement the Incident Management System
- Direct, control and coordinate the on-site emergency response effort of the Emergency Response Agencies, in accordance with direction from the Senior Officers;
- Maintain contact with the leader of each agency and inform on progress on each;
- Assess the situation, establish an aim and determine the incident action plan;

- In conjunction with Police, Fire, EMS, EES and other key agencies, establish site layout and a Incident Command Post, including an staging area for additional staff resources for the control and coordination of emergency site operations;
- Establish Emergency Site communications capabilities;
- Establish which agencies/personnel are allowed access past the outer and inner perimeters and advise on-site police;
- In coordination with the Director of Communications establish an Assistant Emergency Information Officer - Site Media Spokesperson. Request public information support, as required;
- Request the activation of Alert London – mass notification system;
- Request the activation of the EOC and EOC Policy Group for additional support to the site;
- Maintain continuous contact with EOC Director and Operations Section Chief and or Branch Operations to report the operations status at the emergency site and advise of any assistance or other resources required;
- Take such necessary actions to minimize the effects of the emergency;
- When recovery operations are nearing completion, monitor and advise the EOC about agencies preparing to depart the site;
- Maintain a log of all major decisions, instructions, IMS forms and actions taken; and
- Prepare and submit a final report containing operational evaluation of his/her area of responsibility, including recommendations on changes to the Emergency Response Plan and Supplementary Plans.

## **4.5 INCIDENT MANAGEMENT SYSTEM**

The City of London adopted the Incident Management System (IMS) at the emergency site and has adopted it at the Emergency Operations Centre. IMS is internationally recognized and is endorsed by Office of the Fire Marshal and Emergency Management, based on the National Incident Command System and NFPA 1600. IMS is being implemented by all ministries and communities.

IMS Principles:

1. Five Primary Functions (Command, Operations, Planning, Logistics, Finance/Administration)
2. Establish and Transferring of Command
3. Single or Unified Command
4. Management by Objectives
5. Consolidated Incident & EOC Action Plans
6. Comprehensive Resources Management
7. Unity and Chain of Command
8. Manageable Span of Control
9. Modular Organization
10. Personnel Accountability
11. Common Terminology
12. Integrated Communications

IMS consists of five key functions:

1. Command
2. Operations
3. Planning
4. Logistics
5. Finance / Administration

IMS is the standardized emergency response system, which defines the basic command structure and the roles and responsibilities, required for the effective management of an emergency.

#### **4.6 EOC IMS ORGANIZATIONAL STRUCTURE**

The majority of emergency incidents are managed at the site, by the Incident Commander. Incident objectives, strategies and tactics for the site are formulated and directed from the Incident Command Post (ICP). In larger emergencies, onsite responders may require policy, coordination and resources to support site activities by requesting support from the EOC.

An Emergency Operations Centre (EOC) is a pre-designated facility, set up off site, to provide this support. The EOC provides policy direction and support to the site, business continuity. The EOC Director coordinates resources requests from the site(s) and manages all non-site activities.

An EOC may be established by any level of government or the private sector to support individual response agencies or the overall response effort. Emergency Operations Centres are normally activated at the request of the Incident Commander or EOC Policy Group.

When an EOC is activated, the agency may establish a Policy Group (formally the Community Control Group), comprised of the head of the organization (e.g. Mayor, Managing Directors, Chiefs, etc.) and other senior executive officers, in order to provide the EOC Director with policy direction.

The EOC is organised into five major functions; Management, Operations, Planning, Logistics and Finance/Administration. A diagram of this EOC structure is provided on the next page. The primary responsibilities of each of these functions are described below:

**EOC Management:** Responsible for overall policy and coordination through the joint efforts of government agencies and private organizations. Management includes the EOC Director, Deputy Director, Risk Management Officer, Liaison and Emergency Information Officers.

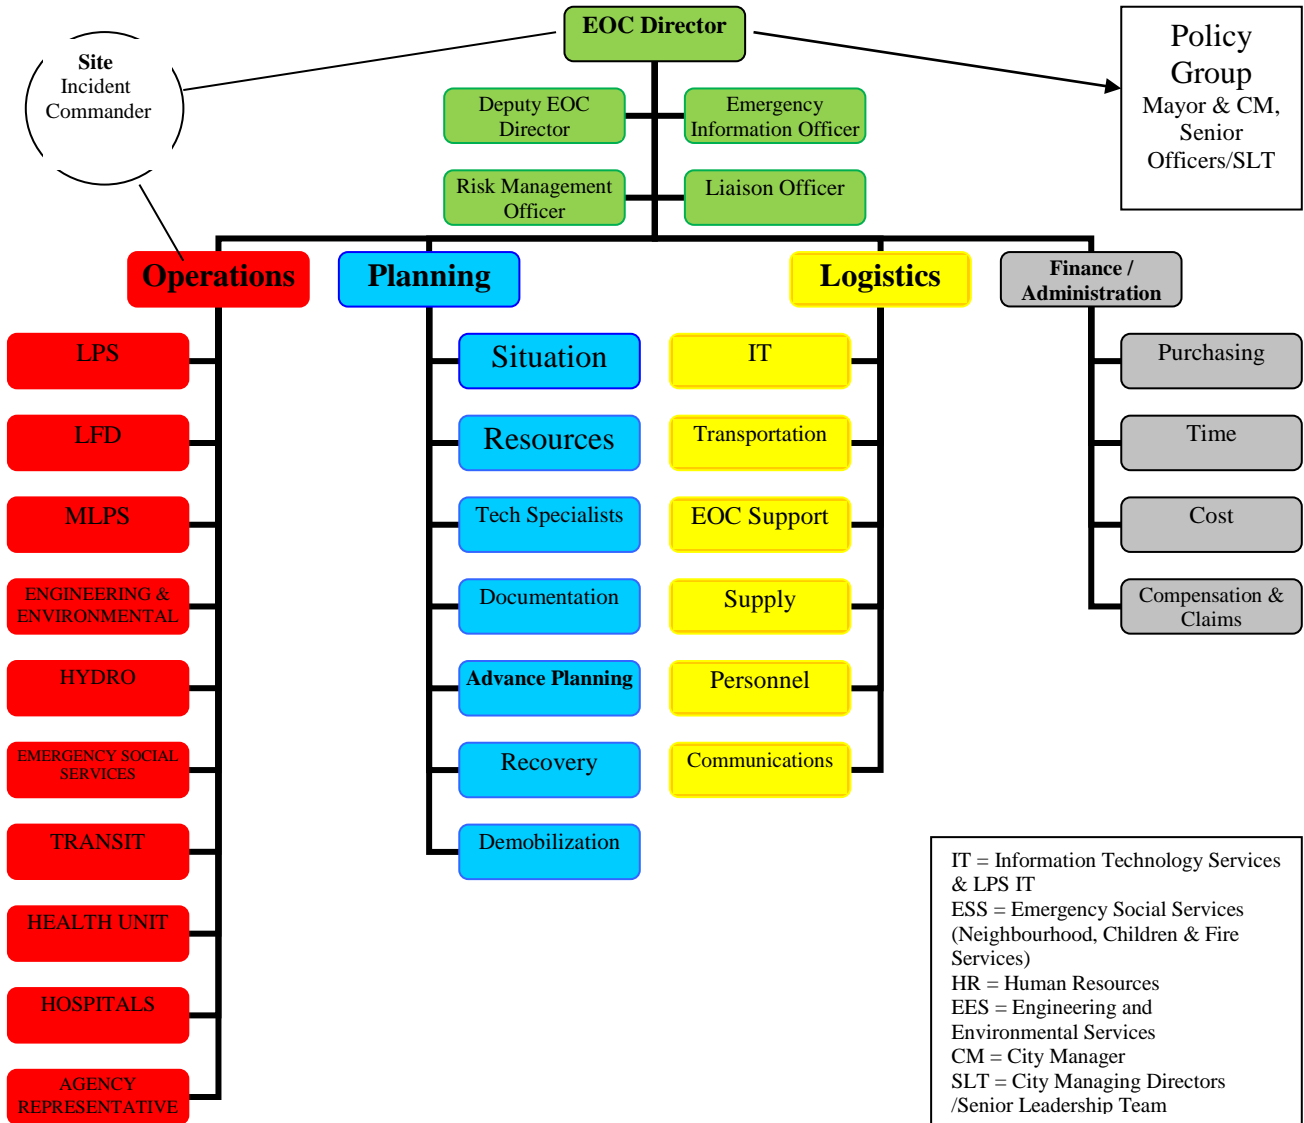

**Operations:** Responsible for coordinating all jurisdictional operations in support of the emergency response through implementation of the EOC Action Plan.

**Planning:** Responsible for collecting, evaluating and disseminating information; developing the EOC's Action Plan and Situation Report in conjunction with other functions; and maintaining EOC documentation.

**Logistics:** Responsible for ensuring the EOC is operational and providing facilities, services, personnel, equipment and materials.

**Finance/Administration:** Responsible for financial activities and other administrative aspects

## **7.10 LONDON COMMUNITY FOUNDATION**

In the event of an emergency situation affecting the City, the London Community Foundation has agreed to take on the role of coordinating donation management. To facilitate this important and supportive role, the Foundation will work closely with the City to continually ensure there are efficient policies and processes in place.

## **8.0 INCIDENT MANAGEMENT SYSTEM IN THE EOC**

The London Emergency Response Plan adopts the principles of the Incident Management System (IMS) from the Ontario IMS Doctrine. Based on the five key functions that must occur during any emergency situation, IMS can be used for any size or type of emergency to manage response personnel, facilities and equipment. Principles of the Incident Management System include the use of common terminology, modular organization, integrated communications, unified command structure, EOC action planning, manageable span of control, personnel accountability, unity and chain of command, management by objectives and comprehensive resource management. The Emergency Operations Centre consists of the IMS five major functions Management, Operations, Planning, Logistics, Finance/Administration Sections and the EOC Policy Group. (formally known as the Municipal Emergency/Community Control Group).

### Response Goals

The following response goals are applied to all emergency situations:

- Provide for the health and safety of all responders;
- Save lives;
- Reduce suffering;
- Protect public health;
- Protect government/critical infrastructure;
- Protect property;
- Protect the environment;
- Reduce economic and social losses; and
- Maintain public confidence.

## 8.1 POLICY GROUP

When an EOC is activated, the Municipal Emergency Control Group and local authorities may establish a Policy Group comprised of the head of the local authority (e.g. Mayor) and other elected officials and senior executive officers in order to provide the Incident Commander and EOC Director with policy direction. An example of this level of policy direction is the declaration of a “state of emergency”. The Policy Group is responsible for executing the emergency response plan and making decisions on issues not covered in the London Emergency Response Plan (LERP). This group decides whether to declare or cancel a Declaration of Emergency. It is also responsible for the continuity of government and business continuity plans for the City of London. It is responsible, through emergency information staff, for ensuring that the public is informed during an emergency. Members of the policy group are found on page 14 of the plan.

### Roles and Responsibilities:

- Provide overall policy direction;
- Changing/amending bylaws or policies;
- Could request Municipal/Provincial level assistance;
- Declare a State of Local Emergency;
- Declare termination of State of Local Emergency; and
- Acting as an official spokesperson.

## **9.0 POPULATION EVACUATION**

It may be necessary in an emergency for the residents of an area of the City to be temporarily evacuated from their homes for their own welfare and safety. Such a requirement may be of an urgent or short-notice nature caused by an immediate hazard, and decided upon and directed by Police in collaboration with Fire authorities. Police and Fire authorities will consider the advice of the Medical Officer of Health when deciding on the need for such immediate evacuation where health matters are involved. A less immediate but probably larger scale evacuation could be decided upon and directed by the EOC, as in the case of an impending flood situation. The aim in any such operation will be to care for the evacuated persons, to bring families together, and to re-establish residents in their homes.

When the Police and/or Fire authority decides that an immediate and urgent evacuation is necessary, they will attempt to arrange for a nearby facility such as a community centre, shopping mall, or a school, to be utilized as a Reception Centre to provide essential needs to those adversely affected by the event.

The Incident Commander will notify the EOC Policy Group of the initial actions taken. When transportation beyond private vehicles is required to assist residents to move, the City Manager will request London Transit to provide buses for this purpose.

Further arrangements for the welfare of evacuees while accommodated at such a temporary shelter facility by City direction will be the responsibility of the Managing Director of Neighbourhood, Children and Fire Services, assisted by City Service Areas and Departments as necessary and if possible by volunteer agencies noted here. When an urgent evacuation is considered necessary by the Medical Officer of Health, he will so advise the Mayor and the assistance of municipal essential service agencies will be made available.

In a situation where a less urgent, but major evacuation of an area is decided on by the EOC or by the City Manager, coordination of measures to arrange for one or more suitable reception facilities and for the welfare of evacuees will be the responsibility of the Managing Director of Neighbourhood, Children and Fire Services assisted by other municipal service and volunteer agencies. In the case where the City accepts a commitment to provide temporary shelter and welfare requirements for a group of evacuees from another community in Ontario, the City Manager will direct responsibilities of municipal agencies for management of the commitment.
