Subject: [EXTERNAL] RE: London Budget Support

Hi all,

I am aware that the city is currently putting a budget for the year 2020-2023. I would like to request the city to include the following items in the budget for the next three years.

- 1) "Additional funding for affordable housing - Part B"
- 2) London Middlesex Community Housing regeneration
- 3) London Middlesex Community Housing staffing and security

The first two items allow for the creation of more affordable housing stock, the third item allows for supporting people already in social housing to remain housed. I believe that these are key investments and must be added into the budget.

It is very important and the City should take pride to include these item as one of the priorities for the budgets.

Thank you for your consideration.
