1. Orientation Package – Waiting for a meeting with Clerks. Haven't received any communication with movement on this.

2. Black History Month Participation

BHM proclamation has been passed at the City level.

Feb 1st, Opening ceremony at Museum London was a success with great attendance. A few of our DIAAC members attended.

For DIAAC members to participate at the Closing ceremony, we need to get in touch with the BHM Coordinating Committee chair.

Current teacher strike may impact the attendance/participation of the closing ceremony since teachers brought students to the event previously. In light of this, there's a call for volunteers to assist with the event.

3. March 21 Planning

DIAAC will be co-sponsoring the event with the Saidat Show at the London Public Library. They need volunteers to help with various tasks, a list was circulated by the manager.

4. 2020 Workplan – What Activities/Initiatives do we want to Undertake?

E&A: Branding and Promotion: Previous communication between DIAAC and Communications at the City shows approval for some material under LDRAC.

:Gender and Intersectionality: need to contact previous chair to get estimated cost breakdown to determine financial feasibility of following through with the event.

5. Any Other Business.

Discussed the possibility to meet with the Mayor and some Councillors about DIAAC and its role.
