

# MULTI-FAITH SOCIAL ACTION COALITION

Budgets are moral documents

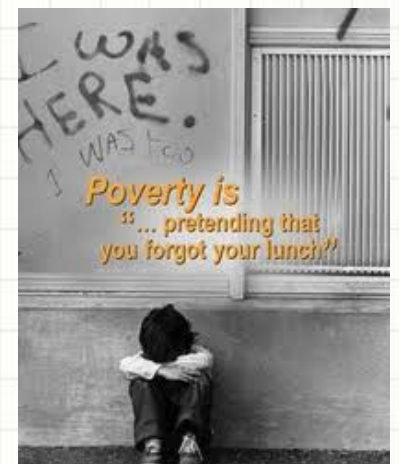

# EQUITY

(Fairness)

Each person must have access to basic resources and opportunities

Equity privileges those who have the least.

London Cares?

# Faith Communities Are Addressing Poverty Issues in London

Last year, 12 faith communities put \$2,154,442 of our human and financial resources into addressing poverty issues – plus thousands of pounds of food and clothing.

(Tip of the iceberg --- there are *many* more faith communities doing the same thing).

Increasingly, we are being abandoned by all levels of government... We need you as partners in this work.
