

Committee: **Transportation Advisory Committee**

Name: **Kurt Holman**

Address:

**367 Seddon Road
London, ON N5Z 5E3**

Occupation: **I.T. Manager**

Work experience: **In the last fifteen (15) Years, I have worked in the Information Technology (I.T.) Sector. I have held various junior and senior positions, currently as an I.T. Manager for Vanguard, an international Pharmaceutical company.**

Education: **Graduated from Lambton College in 2003 by completing the 3 1/2 year Computer Engineering Technology Program. Since 2003, I have also been certified with various industry certifications such as Microsoft Certified Professional (MCP), Microsoft.**

Skills: **With my years of experience in I.T., and helping local community, I am able to adopt to change very rapidly and deal with unexpected "road blocks" if they occur. Being a member of volunteer organizations and community social clubs, I can also gauge what is the pulse of the city.**

Interest reason: **As a citizen of London, I am impressed with the city, the various cultures, the "small town" feeling felt with many Londoners. with this positive first impression, I would like to give back to the community and help improve it and make it even better.**

Contributions: **I believe I can make an excellent contribution because I take the time to meet and talk to various Londoners, from all walks of life, and attend various London improvement functions that I could pass on to this board. Repeatedly I hear about the issues of traffic, environment and ease of mobility (i.e.: biking, walking etc.) around the city.**

Past contributions: **Currently a member of the Creative City (Cultural) Committee with the City of London. Also a member of SECA (South East Community Association) of London. Also a member of various organizations such as the London Young Professionals Group and a member/volunteer of the London based, Emerging Leaders.**

Interpersonal: **Living in Canada and knowing that we live in a free, open and diverse country, I am appreciated and understanding with other people's point-of-view. Working and training in I.T. and doing community work, I have encountered and respect the skills, abilities and knowledge of other people.**

Interview interest: **Yes**
