While I have no direct experience on a London Advisory Committee, I have experience helping create and run a youth advisory council at Thames Valley Childrens Centre. I also have experience from being on my student council in high school, being on an advisory council for parents and families of those with disabilities also at Thames Valley Children's Centre.

What do you hope to contribute or learn as part of an Advisory Committee? (maximum 750 characters, attach an extra sheet if you need more space)

If I was to be a committee member, I hope to contribute my opinions and thoughts surrounding accessibility within London. I also hope to share my experience as a person who has lived in London my entire life, and have a disability.

If I was to be a committee member, I hope to learn how decisions are made in London regarding those with disabilities

Application for Appointment to City of London Advisory Committees

How will you support the work of an Advisory Committee? (maximum 750 characters, attach an extra sheet if you need more space)

If I was on the London Advisory Committee, I would attend all meetings, where I would also raise any new ideas I may have, express my opinion on other members ideas. I would also attend any events the committee was asked to be in attendance for. Finally, I would help build connections between different committees that could benefit from each other.

Please describe additional experience, training, or community involvement that will help you in your role as an Advisory Committee Member. (maximum 750 characters, attach an extra sheet if you need more space)

I was born with a disability, and therefore have experience learning to be independent, help spread awareness of the many great things people with disabilities can achieve, and learned how to navigate the city using my mobility devices'.

I have been on and help create advisory councils aimed at making those with disabilities lives better. I have done public speaking for many years on my experience as a disabled member of the community, and with the help of a friend I have recognized a need for those with disabilities to have better transitions throughout their lives and therefore have started a non-profit organization together.
