

## Report to London Advisory Committee on Heritage

**To:** Chair and Members  
London Advisory Committee on Heritage

**From:** Gregg Barrett  
Director, City Planning and City Planner

**Subject:** Amendment to Heritage Designating By-law for 660  
Sunningdale Road East (2370 Blackwater Road)

**Meeting on:** Wednesday December 9, 2020

## Recommendation

That, on the recommendation of the Director, City Planning and City Planner, with the advice of the Heritage Planner, with respect to the heritage designated property at 660 Sunningdale Road East (2370 Blackwater Road), the following actions **BE TAKEN**:

- a) Notice **BE GIVEN** under the provisions of Section 30.1(4) of the *Ontario Heritage Act*, R. S. O. 1990, c. O. 18, of Municipal Council's intention to pass a by-law to amend the legal description of the property designated to be of cultural heritage value or interest by By-law No. L.S.P.-3476-474, as amended, as defined in Appendix B of this report; and,
- b) Should no appeals be received to Municipal Council's notice of intention to pass a by-law to amend the legal description of the property, a by-law **BE INTRODUCED** at a future meeting of Municipal Council immediately following the end of the appeal period.

**IT BEING NOTED** that should an appeal to Municipal Council's notice of intent to pass a by-law to amend the legal description of the property be received, the City Clerk will refer the appeal to the Conservation Review Board.

## Executive Summary

The red barns located at 660 Sunningdale Road East are significant cultural heritage resources protected by their designation pursuant to the *Ontario Heritage Act* by By-law No. L.S.P.-3476-474. As the Applewood Subdivision is developed and its phases are registered, it has been necessary to make technical amendments to the heritage designating by-law to revise the legal description of the property protected by the *Ontario Heritage Act* designation. The heritage designating by-law for the red barns was passed on September 18, 2018 and amended March 5, 2019 and October 29, 2019; this is the last technical amendment that is anticipated as this phase of Applewood Subdivision contains Block 48, where the red barns are located. The municipal address assigned to the barns is 2370 Blackwater Road.

## Analysis

### 1.0 Background

#### 1.1 Property Location

The property at 660 Sunningdale Road East is on the northwest corner of Sunningdale Road East and Adelaide Street North.

#### 1.2 Cultural Heritage Resource

The two red clay tile barns located at 660 Sunningdale Road East are significant cultural heritage resources. The property was evaluated using the criteria of O. Reg. 9/06, and it found that the barns are of cultural heritage value because of their physical/design values and their contextual values. The significance of the barns located at 660 Sunningdale Road East comes from their use of the red clay tile material, the intersection of a material more typically found in industrial structures but applied here in an agricultural form, and their existing location. These materials and forms are

authentically displayed in their built form which has significance particularly the rarity of its materials used in this form.

The use of materials and construction method is rare for barns. The red clay tiles, used as the primary cladding material for the barns, is rare and not found elsewhere in the City of London. The use of protruding concrete piers in the construction of the barns is also rare, where barns more typically have concrete or stone foundations, rather than concrete piers, with a timber frame. The application of these materials is more commonly found in industrial applications, such as factory buildings, which makes the barns rare examples of this expression not seen elsewhere in London.

The barns display a degree of craftsmanship in the material qualities of the clay tile. While the variety in grooving, cutting, and colour of the tiles could suggest little regard for the appearance of the building, or the use of seconds, this contributes to the rustic qualities of the barns and were well suited to their original rural context.

The barns represent technical achievement in their combination of industrial materials in an agricultural form that is not seen elsewhere in London.

Contextually, the location and arrangement of the barns on the property, and the relationship between the barns contributes to the property's physical, functional, visual, and historical links to its surroundings.

### **1.3 Cultural Heritage Status**

At its meeting on September 18, 2018, Municipal Council passed By-law No. L.S.P.-3476-474 to designate the property at 660 Sunningdale Road East to be of cultural heritage value or interest pursuant to Section 29 of the *Ontario Heritage Act*. As the *Ontario Heritage Act* is based in real property, the entire property at 660 Sunningdale Road was included in the legal description of the property protected by the heritage designating by-law.

As the Applewood Subdivision has developed in phases, as each phase of the subdivision is registered a technical amendment to the legal description is required. Two previous technical amendments to the heritage designating by-law have been completed:

- By-law No. L.S.P.-3476(a)-71 – passed March 5, 2019
- By-law No. L.S.P.-3476(b)-299 – passed October 29, 2019

August 14, 2019. Report to the LACH. Amendment to the Heritage Designating By-law for 660 Sunningdale Road East.

## **2.0 Legislative and Policy Framework**

### **2.1 Ontario Heritage Act**

The *Ontario Heritage Act* enables municipalities to protect properties of cultural heritage value or interest. Properties of cultural heritage value can be protected individually, pursuant to Section 29 of the *Ontario Heritage Act*, or where groups of properties have cultural heritage value together, pursuant to Section 41 of the *Ontario Heritage Act* as a Heritage Conservation District (HCD). Designations pursuant to the *Ontario Heritage Act* are based on real property, not just buildings.

An individual property may be designated pursuant to Section 29 of the *Ontario Heritage Act*. A heritage designating by-law, which includes a statement explaining the cultural heritage value or interest of the property and describes its heritage attributes, is registered on the title of the property. This ensures that the property is protected by the provisions of the *Ontario Heritage Act* even if the property is sold or transferred.

#### **2.2.1 Technical Amendment to a Heritage Designating By-law**

Section 30.1(2) of the *Ontario Heritage Act* includes special provisions to amend a heritage designating by-law without requiring its repeal and replacement. These special provisions are only applicable in particular, defined circumstances:

- a) *To clarify or correct the statement explaining the property's cultural heritage value or interest or the description of the property's heritage attributes;*
- b) *To correct the legal description of the property; or,*
- c) *To otherwise revise the language of the by-law to make it consistent with the requirements of this Act or the regulations. 2005, c. 6, s. 19.*

One of the major distinctions between the initial passage of a heritage designating by-law or the repeal of a heritage designating by-law, only the owner of the heritage designated property receives notice of Municipal Council's intention to make an amendment to the heritage designating by-law per Section 30.1(4). Only the property owner is able to appeal an amendment to a heritage designating by-law to the Conservation Review Board (Section 30.1(6)).

Municipal Council is required to consult with its municipal heritage committee, the London Advisory Committee on Heritage (LACH), in advance of passing an amendment to a heritage designating by-law per Section 30.1(5).

This process is visually articulated in a flowchart included in the *Ontario Heritage Toolkit* (Appendix A).

## **3.0 Amendment to Heritage Designating By-law**

The City Solicitor's Office and the City Clerk have advised that it is possible to pursue an amendment to the heritage designating by-law, following the process pursuant to Section 30.1(2) of the *Ontario Heritage Act*. This would entail Municipal Council passing an amending by-law to remove the heritage designating by-law from the title to the lands now in the subdivision and to apply the heritage designating by-law to a parcel of land with the correct legal description so that it can be registered in the Land Registry Office.

The same approach was taken to correct an error in the heritage designating by-law for the Mather's Cemetery (3551 Colonel Talbot Road) with respect to its municipal address.

An amendment to the heritage designating by-law, By-law No. L.S.P.-3476-474, for the property at 660 Sunningdale Road East should be undertaken pursuant to Section 30.1 of the *Ontario Heritage Act* to correct the legal description within the heritage designating by-law. The correct legal description of the part of the property at 660 Sunningdale Road East with the red clay tile barns can be found in Appendix B.

This is the last technical amendment to the heritage designating by-law that is anticipated as the phase of the Applewood Subdivision which includes Block 48, the location of the red barns, has been registered. The municipal address 2370 Blackwater Road has been assigned to the parcel with the red barns.

<b>4.0 Conclusion</b>
-----------------------

The two red clay barns located at 660 Sunningdale Road East are significant cultural heritage resources and merit designation under the *Ontario Heritage Act*. To ensure their protection and to execute the minutes of settlement as intended, amendment to the legal description in the heritage designating by-law, By-law No. L.S.P.-3476-474, is required. The property where the barns are located are now known as 2370 Blackwater Road.
