Detailed design underway

# Major Projects

The following items will be brought forward to TAC in 2021:

Timing	Item
Q1	<ul style="list-style-type: none"><li>• Annual Rapid Transit project update</li><li>• Core construction staging and mitigation update</li></ul>
Later in 2021	<ul style="list-style-type: none"><li>• Downtown Loop Phase 2 – Project Update</li><li>• East London Link Phase 1 – Project Update</li></ul>
As needed	<ul style="list-style-type: none"><li>• Circulate TAC on all key project notices</li><li>• Present proposed EA adjustments for feedback</li></ul>

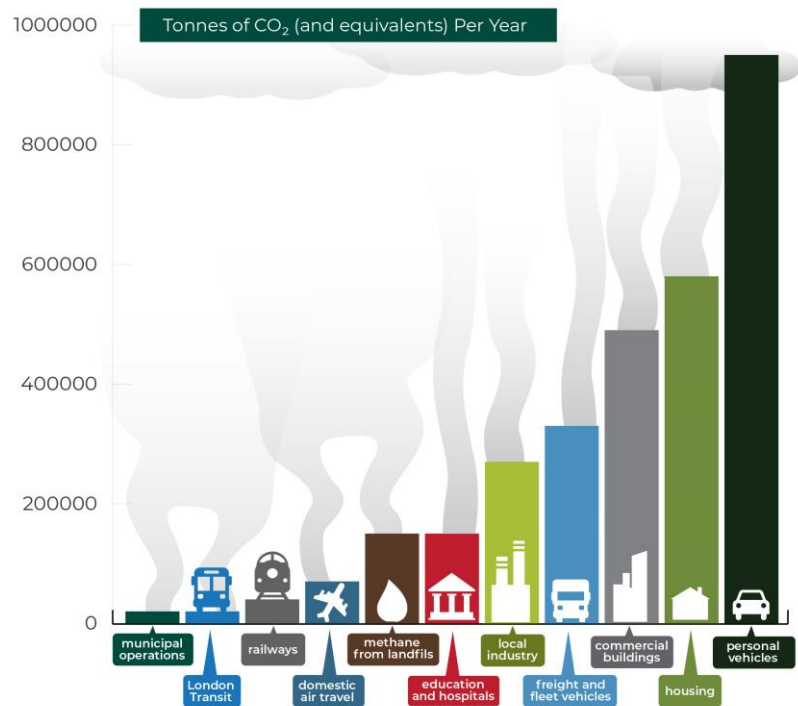

What we're working on this year:

## Climate Emergency Action Plan

- Community engagement
- Stakeholder engagement
- Climate Emergency Screening Tool for decision-making
- Draft plan by Summer 2021
- Website:

<https://getinvolved.london.ca/climate>

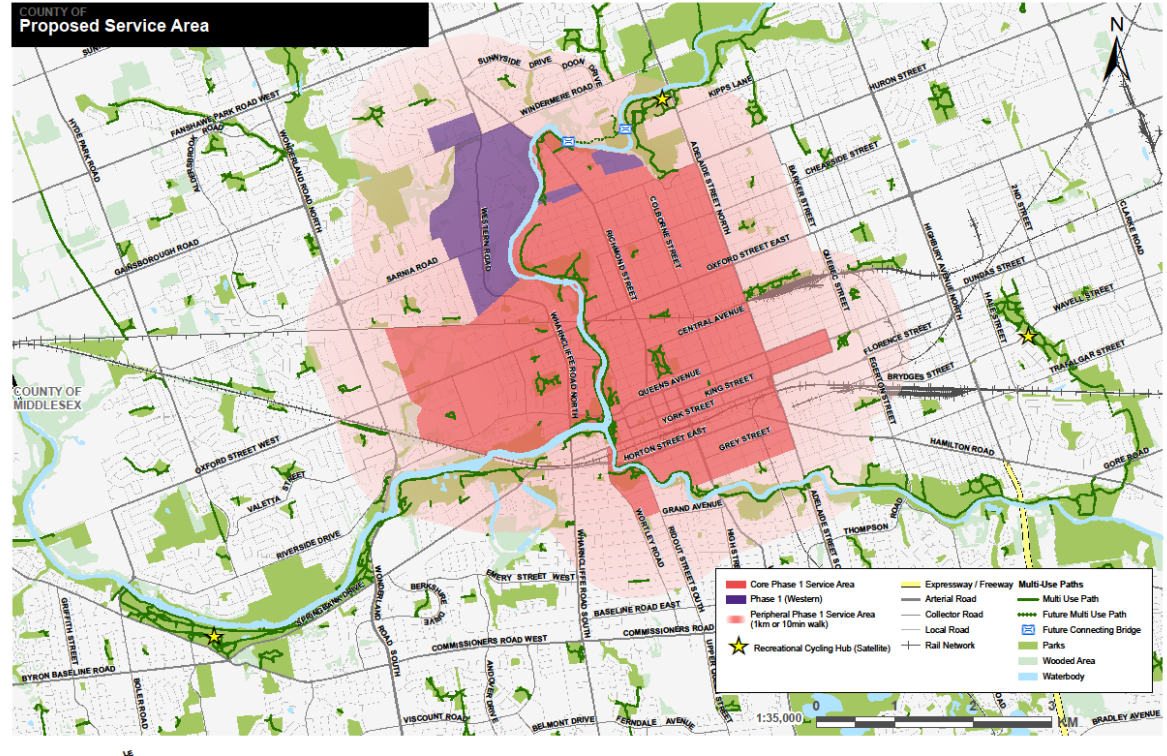

london.ca

Total greenhouse gas emissions from London have decreased compared to the "peak" in 2007. In 2019, greenhouse gas emissions were 21 percent lower than 2007.

## Revised Micromobility (bikes & scooters) RFP

- Engage with partners on allowing e-scooters in London Q1 2021
- Reissue RFP late Q1 2021
- Subject to Council approval, launch some services in fall 2021

## TMA Feasibility Study

- Project “parked”
- COVID update to 2020 work - learnings
- Proposed virtual workshop for partners and employers later in 2021 (timing TBD)

# Environment, Fleet and Solid Waste

## Business Travel Wise Program

- Commute Ontario next steps
- COVID update to 2020 work - learnings
- Carpool matching service next steps

**COMMUTE ONTARIO**

**Save Money • Ease Traffic • Reduce Emissions**

- Active Switch**  
Walk, cycle & earn medals to WIN prizes.
- Regional Rideshare**  
Carpoolers wanted. Find your perfect match today.
- Emergency Ride Home**  
Get reimbursed for your emergency rides.

For more information on the programs visit [commuteontario.ca/london](https://commuteontario.ca/london)

# Environment, Fleet and Solid Waste
