

Subject: [EXTERNAL] Re: Friars Way Sidewalk

I would like to add my voice to this as well, as one of those nine homes. I have two young children and up until recently had a dog. During the COVID lockdown I have taken hundreds of walks with my girls and my dog on Friars Way and have never once felt the need for a sidewalk. The street is calm and safe. Please don't destroy our trees for a completely unnecessary and costly project... I strongly oppose this project and I will do what I can to resist it.

Best,

Bobby Glushko
