Subject: [EXTERNAL] River Road

After the KPMG consultant was done city council voted to leave River Road Golf Course to be open for the 2020 season and to be re-assessed in September/ October of 2020 when a final decision was to be made about whether to close or keep open.

Due to COVID19 all courses opening were delayed for 2 months and when the go ahead to open was allowed and hopes by all members that all 3 courses would open as planned, but River Road was kept closed due to anticipated lost revenue even though the city had lost 2 months of revenue on all courses With the closure of River Road and an increase of golfers at the 2 remaining clubs T- times where hard to get and frustrating to book times.

I hope that city council will vote to meet their original decision and keep River Road open for the 2021 season and re-assess as originally voted on for 2020 , it would be a shame to leave the course empty and not try to get some revenue even if evaluating ways to reduce operating costs or slight increase in rates

Thanks
