Subject: [EXTERNAL] Recommendation to cease operations at River Road golf course.

To the Strategic Priorities and Planning Committee:

As a membership user of the City of London Golf System, I am concerned about the recommendations to close and dispose of River Road golf course. I think as the attachment letter suggests, recommendations should be considered to how to make River Road a viable part of the System. Not a closure!

After looking at the recommendations, charts, graphs and revenues and expenditures, I was at a loss to understand why River Road was closed for the 2020 season. No revenue (\$26) but maintenance expenses created a much larger deficit than previous years.

I am confident that the Committee will make an informed decision for the future of municipal golf in the city of London.
