

Subject: [EXTERNAL] 93-95 Dufferin Ave

I would like to voice my strongest opposition to the demolition request made by Old Oak Properties to take down 93-95 Dufferin Ave to further support their development plans for that area.

Heritage properties are constantly threatened in the manner that is taking place with 93-95 Dufferin and it seems the developer(s) always ends up with council support, something is not right here.

Growth in the core is definitely a plan I support but please save and protect our heritage properties for other generations to appreciate.

Thank you,

Rod McDowell

507 Princess Ave
